TREASURY BOARD OVER-RULING.

Pacific Dredging Company's Contract for dredging of False Creek, Vancouver.

NOTE:—For previous correspondence on this subject see Auditor General' Report 1915-16, page ix.

Treasury Board Minute, Twenty-Second Day of March, 1917.

The Board had under consideration a report from the Minister of Public Works under date of the 14th November, 1916, as under, appealing from the objections of the Auditor General to certain payments for work performed by the Pacific Dredging Company, Ltd., under extensions, so called, of its contract for the dredging of False creek, British Columbia. The Minister states as follows:—

That under the authority of an Order in Council, dated March 3, 1913, the Department of Public Works entered into a contract with The Pacific Dredging Company, Limited, for the removal of 3,300,000 cubic yards of material, place measurement, at 21 cents per cubic yard, to provide a channel 350 feet wide and 20 feet deep in False creek, Vancouver, B.C., entailing an expenditure of about $693,000;

That the above channel was not wide enough to permit vessels to anchor and turn in it, and Council, under date of December 22, 1913, authorized the dredging of an additional quantity of 542,000 cubic yards of material to provide an anchorage and turning basin between the Great Northern Railway and Connaught bridges, at an approximate expenditure of $113,820;

That the Vancouver Harbour Commissioners having requested the dredging of an additional turning basin at the eastern end of the Granville street mud flats, adjacent to a bulkhead under construction by them, to facilitate navigation and shipping in False creek, the contract in question was further extended, under an Order in Council passed on July 8, 1916, so as to include the dredging of the quantity of material required for this work, viz., 425,274 cubic yards, representing an expenditure of about $89,307.54;

That the Auditor General has made the following representations respecting these extensions:—

> In both of these extensions the work was to be given to the Pacific Dredging Company at 21 cents per cubic yard without calling for public tenders as required by the Public Works Act. Why was this Act not complied with? In connection with the first extension the department was aware that there was sufficient space at the upper end of False creek, east of Main street to hold the spoil, thus obviating the necessity for a long haul, and this might have been a determining factor in obtaining a lower price than 21 cents.
>
> This property was acquired by the Canadian Northern Railway, and I understand the contractor was allowed to dispose of the spoil for 16 cents per cubic yard.
>
> Clause 11 of the specification provides that all material dredged out will be deposited in such places and in such manner as may be indicated in writing by the chief engineer.
>
> It appears to me that if the chief engineer had instructed the contractor to deposit the spoil for filling up land for the Canadian Northern Railway it would be proper for the Government to collect the 16 cents per cubic yard instead of the contractor.
>
> In connection with the second extension, I understand that this dredging was asked for by the Harbour Commissioners. The turning basin adjoins the docks which are being built by the Harbour Commissioners, and the dredged material can be pumped in for filling these docks. I understand that the contractor is getting 14 cents per cubic yard for this filling. Is there any reason why the Government should not collect this 14 cents or give the Harbour Commissioners the spoil free, instead of making it profitable for the contractor?
>
> According to the specifications the channel to be dredged is to a depth of 20 feet below low water, from the entrance up to a short distance from the head of the creek, but I understand that the foundations of the Kitsilano bridge will not permit, at that point, of more than 12 feet below low water. Would not this curtail the usefulness of a 20-foot channel above the bridge?

That the Auditor General, in conclusion, states that as the progress estimates show 3,494,896 cubic yards dredged and paid for on the original contract, he will have to take exception to any payments on the extensions until they have been brought within the requirements of the Public Works Act;

DÉCISION DU CONSEIL DE LA TRÉSORERIE.

Contrat de dragage de False Creek, Vancouver, par la Pacific Dredging Company.

REMARQUE:—Pour la correspondance précédente sur ce sujet, voir le rapport de l'auditeur général, 1915-16, page ix.

Minute du bureau du Trésor, 22 mars 1917.

Le bureau a pris en considération un rapport du ministre des Travaux publics, daté du 14 novembre 1916, donné ci-après, interjetant appel contre les objections de l'auditeur général concernant certains paiements pour travaux faits par la Pacific Dredging Company, Ltd., en vertu de prolongements de son contrat de dragage dans la rivière False, C.-B. Le rapport du ministre est comme suit:—

En vertu d'un arrêté en conseil en date du 3 mars 1913, le ministère des Travaux publics a passé un contrat avec la Pacific Dredging Company, Limited, pour l'enlèvement de 3,300,000 verges cubes de matériaux, mesurés sur place, à 21 cents la verge cube, afin de creuser un chenal de 350 pieds de largeur et de 20 pieds de profondeur dans False Creek, Vancouver, C.-B., contrat entraînant une dépense d'environ $693,000;

Le dit chenal n'étant pas assez large pour permettre aux vaisseaux d'y mouiller et d'y virer, le conseil autorisa, à la date du 22 décembre 1913, le dragage d'une quantité additionnelle de 542,000 verges cubes de matériaux afin de faire un bassin d'ancrage et de virage entre les ponts Great-Northern et Connaught à un coût approximatif de $113,820;

Les commissaires du havre de Vancouver ayant demandé le dragage d'un bassin de virage additionnel à l'extrémité est des bas-fonds de la rue Granville, adjacent à la cloison qu'ils étaient à construire, pour faciliter la navigation et l'expédition des marchandises par False Creek, le contrat en question fut de nouveau prolongé par un arrêté en conseil du 8 juillet 1916, de manière à inclure le dragage d'une certaine quantité de matériaux requis pour ce travail, savoir: 524,274 verges cubes, représentant une dépense d'environ $89,307.54;

L'auditeur général a fait les représentations suivantes au sujet de ces extensions de contrat:—

> Dans ces deux extensions de contrat, les travaux ont été donnés à la Pacific Dredging Company à 21 cents la verge cube sans demande de soumissions publiques tel que requis par la loi des Travaux publics. Pourquoi n'a-t-on pas suivi la loi? Pour la première extension, le ministère savait qu'il avait suffisamment d'espace à l'extrémité supérieure du False Creek, à l'est de la rue Main, pour contenir tous les matériaux dragués, évitant d'aller au loin les jeter, et ce fait aurait du faire fixer un prix plus bas que 21 cents.
>
> Cette propriété a été achetée par le chemin de fer Canadian-Northern, et je comprends que l'entrepreneur a pu disposer des matériaux dragués pour un prix de 16 cents la verge cube.
>
> La clause 11 du cahier des charges pourvoit à ce que tous les matériaux dragués soient déposés en tels endroits et de telle manière que l'ingénieur en chef indiquera par écrit.
>
> Il me semble que si l'ingénieur en chef avait donné instruction à l'entrepreneur de déposer les matériaux comme terre de remplissage sur le terrain du Canadian-Northern, il serait raisonnable pour le gouvernement de percevoir les 16 cents la verge cube au lieu de l'entrepreneur.
>
> A propos de la seconde extension du contrat, je comprends que ce dragage a été demandé par les commissaires du havre. Le bassin de virage est voisin des docks en cours de construction par les commissaires du havre, et les matériaux dragués peuvent être poussés directement au moyen d'une pompe pour remplir ces docks. Je comprends que l'entrepreneur retire 14 cents la verge cube pour ce remplissage. Y a-t-il une bonne raison pour empêcher le gouvernement de percevoir ces 14 cents ou donner gratis tous ces matériaux aux commissaires du havre au lieu d'en faire une affaire profitable pour l'entrepreneur?
>
> D'après le cahier des charges, le chenal devait être dragué à une profondeur de 20 pieds au-dessous de la marée basse, depuis l'entrée jusqu'à une courte distance de la tête de la rivière, mais je comprends que les fondations du pont Kitsilano ne permettent pas de creuser à cet endroit plus bas que 12 pieds au-dessous du niveau de basse marée. Cet empêchement ne détruira-t-il pas toute l'utilité du chenal de 20 pieds en amont du pont?

That the contract with The Pacific Dredging Company, Limited, contains the two following clauses:—

8.—Quantities.—The quantities of material stated are approximate only and may be increased or decreased, in actual work, thirty-three and one-third (33⅓) per cent.

9.—Limits of Dredging.—The lines and grades to which dredging is to be done will be established by the engineer. The depths given in the form of tender or schedule are approximate only, and the department reserves the right to modify or alter the depth, also the lines of the work, without any additional remuneration over and above the contract prices. The place of low water level governing the depth to which dredging is to be carried out will be fixed by the engineer in charge in relation to the zero of a gauge already existing or to be established by him for the purpose.

That the contract was awarded as a result of a public call for tenders.

Three bids were received, in answer, as follows:—

Pacific Dredging Co., Ltd	21	cents	per cubic yard.
Northern Construction Co., Ltd	22	"	"
J. W. Pike	22½	"	"

That as regards the question of the Auditor General relative to the calling for tenders, the action of the department is justified on the ground that under clause 8 of contract it has the power to increase the quantities, and under clause 9 to modify the lines of the work. As the two turning basins above mentioned were found necessary and formed a part of the False creek improvements, it was deemed advisable to use the power conferred by the contract and extend it so as to cover this additional work without calling for tenders, as the department considered that fair and sufficient competition had been secured by the tenders above quoted;

That with reference to the disposal of the spoil by the contractors as filling, and securing a profit therefrom, the Assistant Chief Engineer of the Department of Public Works has reported as follows:—

As regards a revision of the price in view of the fact that the contractors were enabled to dispose of the material for filling-in purposes, it may be stated that the department has given consideration to the general policy of control over material disposed of in this manner, and the conclusion was arrived at, some years ago, that this was not feasible.

Control over material deposited for filling purposes involves the department in intricate problems of providing the land required for the spoil, construction of bulkheads, rehandling of material, and providing, in many cases, plant for increased pumping pressure.

For these, and many other reasons, it has not been the policy of the department, in dealing with dredging contracts where material is to be spoiled in any manner other than by dumping out of hopper scows, to control the disposition of dredged material.

It is assumed that the contractors, if they anticipated that the material could be disposed of as fill, revised their tender prices accordingly, and that the department received a commensurate benefit.

In this particular work the contractors have found it necessary to install plant which must have required a considerable outlay to enable them to place the dredged material as filling, and the price obtained by them cannot be regarded as all profit. We are informed that a relay or boosting pump was required for long discharges, and it was also necessary to cast over and loosen material by dipper dredge to enable the hydraulic dredge to move hard material.

That as regards the question concerning the depth of water in the navigable pass of the Kitsilano bridge, it may be stated that this bridge is not a permanent one, and the records of the department show that it has not been approved under the provisions of the Navigable Waters Protection Act. Moreover, the department does not consider that this bridge should be allowed to interfere with an adequate scheme to provide the necessary requirements to False creek;

That in view of the reasons given above, it is considered that the contractors should be paid for work performed under the extensions to their contract for dredging in False creek, Vancouver, B.C.

The Minister, therefore, recommends that the Honourable the Treasury Board be moved to direct the Auditor General to make payment of the estimates for work performed under the extensions to the contract of the Pacific Dredging Company, Limited, for dredging in False creek, Vancouver harbour, B.C., which extensions were authorized by the Order in Council of December 22, 1913, and July 8, 1916, above referred to.

On the 29th November, 1916, the matter was submitted to the Auditor General with the following letter:—

I have the honour to enclose herewith Treasury Board reference, No. T.80847.B. being a report from the Honourable the Minister of Public Works under date of the 14th November, 1916, in reference to exceptions taken by you to payments to The Pacific Dredging Company,

L'auditeur général, en conclusion, déclare que les estimés des opérations, 3,494,896 verges cubes ont été extraites et payées en vertu du contrat originel, et il s'objectera à tout paiement des travaux faits en vertu des extensions du contrat, jusqu'à ce que ces extensions soient conformes à la loi des Travaux publics;

Le contrat passé avec la Pacific Dredging Company, Limited, contient les clauses suivantes:

8.—*Quantités.*—Les quantités de matériaux indiquées ne sont qu'approximatives et peuvent être augmentées ou diminuées pendant les travaux de trente-trois et un tiers pour cent (33⅓ %).

9.—*Limites du dragage.*—Les lignes et les rampes suivant lesquelles le dragage sera fait seront établies par l'ingénieur. Les profondeurs données dans la formule de soumission ou dans l'échelle y annexée ne sont qu'approximatives, et le ministère se réserve le droit de modifier ou de changer la profondeur ainsi que les lignes qui limitent les travaux, sans rémunération additionnelle aux prix du contrat. Le niveau de basse mer auquel sont rapportées toutes les profondeurs pour le dragage sera établi par l'ingénieur en charge, conformément au zéro de l'échelle en usage ou qui sera établie par lui pour le besoin des travaux.

Le contrat a été accordé comme conséquence d'une demande publique de soumissions. Trois soumissions ont été reçues comme suit:—

Pacific Dredging Co., Ltd	21c. la verge cube.
Northern Construction Co., Ltd	22c. la verge cube.
J. W. Pike	22½c. la verge cube.

Au sujet de la demande de l'auditeur général concernant un nouvel appel de soumissions, l'action du ministère est justifiée par le fait qu'en vertu de la clause 8, il a le pouvoir d'augmenter les quantités, et en vertu de la clausse 9, il peut modifier les bornes des travaux. Vu que les deux bassins de virage ci-haut mentionnés sont nécessaires et forment partie des améliorations dans False Creek, il a été trouvé bon de se prévaloir du pouvoir conféré par le contrat et de l'étendue de manière à couvrir ces travaux additionnels sans demander de nouvelles soumissions parce que le ministère a cru qu'il y avait eu compétition suffisante par les soumissions ci-dessus données.

Au sujet de l'emploi des matériaux extraits et employés par l'entrepreneur comme matériaux de remplissage en retirant un profit de cette transaction, le sous-ingénieur en chef du ministère des Travaux publics fait le rapport suivant:—

Au sujet de la revision du prix en vue du fait que les entrepreneurs ont pu disposer des matériaux pour le remplissage d'autres travaux, on peut répliquer que le ministère a adopté comme conduite habituelle, il y a quelques années, de ne pas s'occuper de cette question, parce que cela n'était pas pratique.

Le contrôle sur les matériaux employés pour fins de remplissage entraîne le ministère dans une foule de problèmes compliqués comme de trouver le terrain nécessaire pour déposer ces matériaux, construire des murs de retenue, et de se procurer dans plusieurs cas de matériel pour augmenter la pression des pompes.

Pour ces raisons et plusieurs autres, le ministère a décidé, dans tous les contrats de dragage où les matériaux sont employés autrement que par le rejet au moyen de maries-saloppes, de ne pas contrôler l'emploi des matériaux dragués.

On suppose que les entrepreneurs, s'ils croient que les matériaux peuvent être employés pour remplissage, ont fixé le prix de leur soumission en conséquence, et le prix qu'ils reçoivent pour ces matériaux ne doit pas être considéré comme tout profit, et le ministère se trouve à recevoir un bénéfice proportionné.

Dans ces travaux, les entrepreneurs ont été obligés d'installer un outillage qui a dû coûter beaucoup afin de pouvoir employer les matériaux pour remplissage, et le prix qu'il ont reçu ne peut être considéré comme un profit net. Nous sommes informés qu'il a fallu installer une pompe auxiliaire pour la distribution à longue distance et qu'il a été aussi nécessaire de se servir d'une drague à tenailles pour abattre et dégager les matériaux durs avant de les enlever par la drague à succion.

A propos de la profondeur de l'eau dans le chenal vis-à-vis le pont Kitsilano, on peut répondre que ce pont n'est pas permanent, et les registres du ministère démontrent que ce pont n'a pas été approuvé en vertu des clauses de la loi de protection des eaux navigables. De plus, le ministère considère que ce pont ne devrait pas être un obstacle à un plan adéquat pour pourvoir aux améliorations nécessaires dans False Creek;

En vue des raisons données ci-dessus, on considère que les entrepreneurs devraient être payés pour les travaux faits en vertu des extensions de leur contrat pour dragage dans False Creek, Vancouver, C.-B.

Le ministre recommande donc que le conseil du Trésor donne instruction à l'auditeur général de payer les estimés des travaux faits en vertu des extensions au contrat de la Pacific Dredging Company, Limited, pour dragage dans la rivière False, port de Vancouver, C.-B., extensions autorisées par les arrêtés en conseil du 22 décembre 1913 et du 8 juillet 1916, mentionnés ci-dessus.

Limited, in connection with certain extensions of their contract for the removal of material to provide a channel in False creek, Vancouver, B.C.

I have to request that you will be good enough to advise me, for the information of the Treasury Board, as to the nature and ground of your objections to the payment in question, and also as to the clause and section of the Audit Act under which such objections are taken. I shall also be glad to have any remarks you may wish to make in reference to the matter.

On the 8th January, 1917, the Auditor General replied as follows: —

Let me acknowledge receipt of your letter No. 80487, enclosing a request from the Public Works Department for an over-ruling in favour of the Pacific Dredging Company, in connection with certain extensions of their contract for the removal of material to provide a channel in False creek, Vancouver, B.C.

You ask for the nature and ground of my objections to the payment in question, and the section of the Audit Act under which they are taken. Also for any remarks I may wish to make in reference to the matter.

First Specification, and Two Extensions.

The first contract, dated July 8, 1913 was for dredging "The Channel in False creek, Vancouver, B.C.", 350 feet wide and 20 feet deep; the volume being estimated at 3,300,000 cubic yards. The work was to be completed by December 31, 1914.

Section No. 8 of the specification was worded as follows: " Quantities: The quantities of material stated are approximate only, and may be increased or decreased, in actual work, thirty-three and one-third per cent."

By Order in Council of December 22, 1913, an additional quantity of 542,000 cubic yards of dredging was specified, " to provide an anchorage and turning basin between the Great Northern Railway and Connaught bridges."

By Order in Council of July 8, 1916, a second extension was specified, of 425,274 cubic yards, to dredge " an additional turning-basin at the eastern end of the Granville street mud flats, adjacent to a bulkhead under construction " by the Vancouver Harbour Commission, " To Facilitate navigation and shipping in False creek."

At 21 cents a yard, the price named in the original tender, these services money out as follows:—

Channel in False creek: 3,300,000 c.y.	$693,000 00
Anchorage and turning-basin: 542,000 c.y.	113,820 00
Additional turning-basin at Granville Street mud flats: 425,274 c.y.	89,307 54

Summary of Objections to the Payment now in Hand.

First: The main contract was not let by such a public tender as is contemplated by section 36 of the Public Works Act.

Second: The dredging at Granville Street mud flats was a separate work; and tenders should have been invited for it by public advertisement.

Third: The dredging at Granville Street mud flats will not be available for use until the bar at Kitsilano bridge is removed, and may fill up in the meantime.

Fourth: The filling from the Granville Street mud flats should be given to the Vancouver Harbour Commission instead of to the contractors, who are selling it to the commission.

Fifth: The filling from the first extension of 542,000 cubic yards should have been sold to the Canadian Northern Railway instead of being given to the contractors, who made the same sale themselves, for their own profit.

These objections are developed under the corresponding headings which follow.

Tenders by Public Advertisement, on Precise Specifications.

By the Public Works Act, chap. 39, sec. 36, " Whenever any works are to be executed under the direction of any department of the Government, the Minister having charge of such department shall invite tenders by public advertisement for the execution of such works," except in cases A, B, C, not here in question.

Section 8 of the specification for False Creek dredging is: " The quantities of material are approximate only, and may be increased or decreased, in actual work, thirty-three and one-third per cent."

One of the motives for " Tender by Public Advertisement " (so explicitly required by the Public Works Act), is the removal of all possibility of favouritism toward one successful tenderer, or discrimination against another, after the contract has been awarded.

Le 29 novembre 1916, la question a été soumise à l'auditeur général avec la lettre suivante:—

J'ai l'honneur de vous envoyer ci-inclus copie du rapport fait au conseil du Trésor n° C. 80847 T. par l'honorable ministre des Travaux publics, en date du 14 novembre 1916, au sujet des objections faites par vous contre le paiement à la Pacific Dredging Company, Limited, relativement à certaines extensions de leur contrat pour l'enlèvement de matériaux afin de creuser un chenal dans False Creek, Vancouver, C.-B.

Je vous demande d'être assez bon de me dire, pour l'information du conseil du Trésor, la nature exacte et les raisons de vos objections au paiement en question, et aussi la clause et le paragraphe de la loi de l'audition sur lesquels vous basez ces objections. Je serais aussi heureux de connaître les remarques que vous pourriez faire sur ce sujet.

Le 8 janvier 1917, l'auditeur général répondit comme suit:—

Permettez-moi d'accuser réception de votre lettre n° 80487 contenant une requête du ministère des Travaux publics d'une décision adverse à l'auditeur général et en faveur de la Pacific Dredging Company, relativement à certaines extensions de leur contrat pour l'enlèvement de matériaux dans le but de creuser un chenal dans False Creek, Vancouver, C.-B.

Vous demandez la nature et les raisons de mes objections à un paiement en question, et la section de la loi de l'audition sur laquelle ces raisons sont basées. Aussi les remarques que je pourrais faire à ce sujet.

Cahier des charges primitives, et deux extensions.

Le premier contrat en date du 8 juillet 1913 était pour dragage d'un «chenal dans False Creek, Vancouver, C.-B.» de 350 pieds de largeur et de 20 pieds de profondeur; le volume de matériaux à enlever était estimé à 3,300,000 verges cubes. Le travail a été complété le 31 décembre 1914.

La section 8 du cahier des charges se lit comme suit: «Quantités: Les quantités de matériaux spécifiées ne sont qu'approximatives, et peuvent être augmentées ou diminuées pendant les travaux, de trente-trois et un tiers pour cent».

Par un arrêté en conseil du 22 décembre 1913, une quantité additionnelle de 542,000 verges cubes de dragage fut spécifiée «pour former un bassin d'ancrage et de virage entre les ponts du chemin de fer Canadian-Northern et Connaught.»

Par un arrêté en conseil du 8 juillet 1916, une seconde extension fut accordée pour 425,274 verges cubes afin de creuser «un bassin de virage additionnel dans la partie est des bas-fonds de la rue Granville, adjacent à la cloison en cours de construction» par la commission du havre de Vancouver,» pour faciliter la navigation et l'expédition du fret dans False Creek.»

A 21 cents la verge cube, le prix marqué dans le contrat primitif, ces additions donnent comme suit:—

Chenal dans False Creek, 3,300,000 verges cubes.....	$693,000 00
Bassin d'ancrage et de virage, 542,000 verges cubes.....	113,820 00
Bassin add. dans bas-fonds de la rue Granville, 425,274 ver. cubes.	89,307 54

Résumé des objections aux paiements en question.

1. Le contrat primitif n'a pas été accordé par une soumission publique telle que spécifiée par la section 36 de la loi des Travaux publics.
2. Le dragage dans les bas-fonds de la rue Granville est un travail séparé; et il aurait fallu demander des soumissions par annonces publiques.
3. Le dragage des bas-fonds de la rue Granville ne pourra porter profit que lorsque la barre du pont Kitsilano sera enlevée, et dans l'intervalle le bassin d'amont se remplira.
4. Les matériaux de remplissage provenant des bas-fonds de la rue Granville devraient être donnés à la commission du havre de Vancouver au lieu des entrepreneurs, qui les revendent à la commission.
5. Les matériaux de remplissage provenant de la première extension du contrat, soit 542,000 verges cubes, devraient être vendus au chemin de fer Canadian-Northern au lieu d'être donnés aux entrepreneurs, qui les revendent à leur propre profit.

Ces objections sont données au long sous les rubriques suivantes:

Soumissions par annonces publiques, d'après cahier de charges précises.

En vertu de la loi des Travaux publics, ch. 39, sec. 36, «Toutes les fois que des travaux seront exécutés sous la direction d'un ministère quelconque du gouvernement, le ministre en tête de ce ministère devra demander des soumissions par annonces publiques pour l'exécution de ces travaux», excepté dans les cas A, B, C, hors de question ici.

La section 8 du cahier des charges pour le dragage de False Creek est: «Les quantités de matériaux ne sont qu'approximatives, et peuvent être augmentées ou diminuées pendant les travaux de trente-trois et un tiers pour cent.

Where specifications are precise, and quantities are defined within the closest practicable limits, these objects may be attained.

But where one successful tenderer may be awarded twice as much work as another would have got, these objects are not guaranteed.

A small margin of variation may be advisable in practice; a range of half the whole work is too wide.

In the present instance, on an original specified quantity of 3,300,000 yards, one tenderer might have this increased to 4,400,000 yards; another tenderer might have it reduced to 2,200,000 yards.

The weakness in the recent specification form was not noted by the Audit Office at an earlier date. Now that its seriousness is so manifest, instructions should be issued for its correction and removal in future, before any further progress is made in relieving the Pacific Dredging Company.

Dredging at Granville Flats is a Separate Work.

The dredging contemplated at Granville Street mud flats, of 425,274 cubic yards, is not so closely inter-connected with the dredging of the main channel leading up to it, as to make it an extension of the original contract.

The main channel was practically completed before the Granville work was begun.

If the latter is to be carried out at all, tenders should be invited for it by public advertisement.

Granville 20-foot Basin accessible only to 12-foot Vessels.

My letter to the Department, dated September 5, 1916, in the section dealing with the second extension, made the following remark: "According to the specification, the (main) channel to be dredged is to a depth of 20 feet below low-water, from the entrance up to a short distance from the head of the creek; but I understand that the foundations of the Kitsilano bridge will not permit, at that point, of more than 12 feet below low-water. Would not this curtail the usefulness of a 20-foot channel above the bridge?"

The departmental reply of October 24, 1916, on this point, was: "As regards the depth of water in the navigable pass at the Kitsilano bridge, it may be stated that this is not a permanent structure; and our records show that approval was not obtained for its construction under chapter 115, R.S.C. The department does not consider that the bridge should be allowed to interfere with an adequate scheme to provide the necessary improvements to False creek."

The department's proposition appears to be to proceed now with the deepening of the upper basin; and to order the reconstruction or removal of the bridge (necessarily consequent upon such deepening) at some undefined later time.

The expenditure, however, is of such magnitude ($89,307.54) that it would be safer to arrange for an alteration of the bridge before the deepening is commenced.

If, by some at present unforeseen development, it should prove impossible for the department to force the removal of the 8-foot bar at the Kitsilano bridge, the expenditure on the lower 8 feet of deepening above that point would be wasted.

Moreover, until the 8-foot bar is removed, the 20-foot dredging above it would create a settling-basin for whatever scouring and sewage may be brought down from higher land.

Though "Prematureness of Expenditure" was not, at the passing of the Audit Act, named explicitly as a ground for refusal to pay, it may (I think) be classed broadly under the heading "Money not Justly Due" (especially in war times); and such may be taken as the reason why this particular item goes to the Treasury Board. This objection will not hold if the 8-foot bar is removed before the dredging is performed.

Granville Flats: Interest of Vancouver Harbour Commission.

Section 6 of chapter 54 of the statutes of 1913 reads: "The corporation [Vancouver Harbour Commissioners] shall consist of three commissioners, appointed by the Governor in Council upon the recommendation of the Minister of Marine and Fisheries, and they shall hold office during pleasure."

By chapter 17 of the statutes of 1914 (May 27, 1914): "Sections 14 and 15 of the statutes of 1913 . . . . . .are hereby repealed, and the lands and interest in lands within the limits of the harbour as therein described are hereby declared to be revested in His Majesty in the right of Canada from and after the date of the passing of this Act."

That is to say, the Vancouver Harbour Commission is the Dominion of Canada, specialized for the function of administering the Vancouver harbour.

L'un des motifs de la demande de soumissions par annonces publiques (requises si explicitement par la loi des Travaux publics), est l'abolition de tout patronage ou favoritisme envers un entrepreneur heureux, ou distinction au détriment d'un autre, après que le contrat a été accordé.

Lorsque les charges sont précises et que les quantités sont déterminées le plus près possible dans la pratique, ces buts peuvent être atteints.

Mais lorsque l'heureux soumissionnaire obtient deux fois autant de travail que n'aurait obtenu un autre, l'objet de la loi n'est pas atteint.

Une faible marge peut être utile en pratique, mais une variation de la moitié des travaux est trop forte.

Dans le cas présent, sur une quantité déterminée de 3,300,000 verges cubes, un soumissionnaire peut voir son contrat augmenté jusqu'à 4,400,000 verges cubes tandis qu'un autre verrait son contrat réduit à 2,200,000 verges cubes.

Ce défaut des récentes formules de charges n'a pas été remarqué plus tôt par le bureau de l'auditeur. A présent que la gravité de ce défaut devient si manifeste, il faudrait donner des instructions pour sa disparition ou sa correction pour l'avenir, avant de faire quelque autre démarche pour aider la Pacific Dredging Company.

Le dragage des bas-fonds de la rue Granville est un ouvrage distinct.

Le dragage projeté des bas-bonds de la rue Granville, soit 425,274 verges cubes, n'est pas si intimement relié à celui du chenal principal qui y conduit, que l'on puisse le considérer comme une extension du contrat primitif.

Le chenal principal était pratiquement terminé avant le commencement des travaux à la rue Granville.

S'il est nécessaire de faire exécuter ces derniers travaux, on devrait demander des soumissions par annonces publiques.

Le bassin de Granville, profond de 20 pieds, accessible aux vaisseaux d'un tirant de 12 pieds.

Ma lettre à votre ministère, en date du 5 septembre 1916, dans la partie concernant la deuxième extension, contenait la remarque suivante: «D'après le cahier des charges, le chenal (principal) doit être creusé à une profondeur de 20 pieds au-dessous du niveau de marée basse, depuis l'entrée jusqu'à une courte distance de la tête de la rivière; mais je comprends que les fondations du pont Kitsilano ne permettent pas de creuser à cet endroit plus bas que 12 pieds au-dessous du niveau de basse mer. Cet empêchement ne détruita-t-il pas toute l'utilité du chenal de 20 pieds en amont du pont?»

La réponse du ministère sur ce point, en date du 26 octobre 1916, a été: «A propos de la profondeur de l'eau dans le chenal vis-à-vis le pont Kitsilano, on peut répondre que ce pont n'est pas permanent; et les registres de ce ministère démontrent que sa construction n'a pas été approuvée en vertu du chap. 115, S.R.C. Le ministère ne considère pas que ce pont puisse être un obstacle au développement d'un plan d'améliorations nécessaires dans False Creek.»

La proposition du ministère paraît être de continuer le creusage du bassin supérieur; puis d'ordonner la reconstruction ou l'enlèvement du pont (conséquence nécessaire de ce creusage) à une date encore indéterminée.

Cependant, les dépenses sont tellement fortes ($89,307.54) qu'il serait plus sûr de faire changer le pont avant de commencer le creusage.

Si, par suite de quelques complications imprévues actuellement il devient impossible pour le ministère d'imposer l'enlèvement de la barre de 8 pieds au pont Kitsilano, la dépense du creusage de ces 8 pieds au delà de la barre sera gaspillée.

De plus, jusqu'à ce que la barre soit disparue, le creusage à 20 pieds en amont créera un bassin de sédimentation où les déchets et débris de curage et d'égout venant d'amont s'accumuleront.

Bien qu'il n'y ait pas dans la loi d'audition une clause nommée explicitement parmi les chefs de refus de paiement sous la rubrique de «dépenses prématurées», on peut classer (je crois) le cas actuel dans un sens large sous «montant non dû en justice» (surtout en temps de guerre); et c'est là la raison du renvoi devant le conseil du Trésor. Cette objection ne sera pas maintenue si l'on enlève la barre de 8 pieds avant de faire le dragage.

Bas-fonds de la rue Granville: intérêt de la commission du port de Vancouver.

La section 6 du chap. 54 des statuts de 1913 dit: La corporation (commission du port de Vancouver) sera composée de trois commissaires nommés par le Gouverneur en conseil sur la recommandation du ministre de la Marine et des Pêcheries, et ils seront en office au bon plaisir.

Par le chapitre 37 des statuts de 1914 (27 mai 1914), les sections 14 et 15 des statuts de 1913..... sont rappelées et les terrains ainsi que tout droit sur iceux dans les limites du port tel que décrit sont par les présentes déclarés remis à Sa Majesté sous la garde du Canada, de la date de la sanction de cette loi.»

C'est-à-dire que la commission du port de Vancouver est la puissance du Canada spécialisée pour l'administration du port de Vancouver.

Granville Flats: Proposed Sale of Dredged Material for Filling.

By clause 11 of the original specification, 'All material dredged out will be deposited in such places and in such a manner as may be indicated in writing by the chief engineer, the assistant chief engineer, or by the engineer acting under their instructions. Dredging done, or spoil deposited, contrary to the directions of the engineer will not be paid for.'

My letter of September 5, 1916, to the Public Works Department, said: "In connection with the second extension, I understand that this dredging was asked for by the Harbour Commissioners. The turning basin adjoins the docks which are being built by the Harbour Commissioners, and the dredged material can be pumped in for filling these docks. I understand that the contractor is getting 14 cents per cubic yard for this filling. Is there any reason why the Government should not collect this 14 cents, or give the Harbour Commissioners the spoil free, instead of making it profitable for the contractor?"

General Policy of Control over Dredged Material.

In answer to that part of my letter of September 5, 1916, which dealt with the transfer of dredged material to the Vancouver Harbour Commission, the department, under date of October 24, 1916, made a general reply as follows: "The department some time ago gave careful consideration to the general policy of control over dredged material which could be disposed of for filling-in purposes, and arrived at the conclusion that this was not feasible, for the reason that control over material deposited for filling purposes would involve the department in intricate problems of providing the land required for the spoil, construction of bulkheads, re-handling of material, and providing (in many cases) plant for increased pumping-pressure. For the above, and for many other reasons, it has therefore not been the policy of the department (in dealing with dredging contracts, where material is to be spoiled in any manner other than by dumping from hopper-scows) to control the disposition of dredged material."

Speaking (of course) from an Audit point-of-view, I am unable to admit that a department can divest itself completely and generally of any particular function, just for the reason that that function has been found, in some particular cases, difficult to administer.

Wherever the Government has a valid and important claim to maintain, special enquiry should be made in each case, as to the prospect of expense of maintenance. It is only when each claim is found separately to be a losing asset that it can be waived. To fail in collecting a possible revenue is as much a breach of the Audit Act, and of good administration, as would be the issue of an unearned cheque.

Granville Flats: Resuming Discussion of sale of Dredged Material.

I have before me the report of an officer whom I sent to Vancouver last fall to look into these accounts. He says: "Contractors are depositing spoil taken from the channel on adjacent property of the Vancouver Harbour Commission. This is an unnecessary expenditure, by the commissioners, as the spoil would be placed on their property without cost to them, if directed by the engineer under clause 11 of the specification. The engineer designed this False Creek work for the Harbour Commission. The Pacific Dredging Company got the contract for the piling and sheeting-wall enclosing the property to be filled in; and then got a contract to make the fill. . . . . The engineer admitted his neglect to direct the placing of the spoil either in this instance or elsewhere; and as a result the contractors have made, and are making, I am informed, 14 cents per cubic yard for the spoil dredged, in addition to the 21 cents contract-price. This additional profit is made without additional expense, as the engineer admitted that the contractors could not find a cheaper or more expeditious way of disposing of the spoil, than to pump it on to the adjacent lands of the Harbour Commission and the Canadian Northern Railway Company."

Section 11 of the specification says: "All material dredged out will be deposited in such places and in such a manner as may be indicated in writing by the engineer," saying nothing of extra compensation, as if this were offset by the saving of towage to dump-ground. In the present instance, if the engineer maintains the view expressed by him to an examiner, the filling-in of the piers was a cheap way of disposing of the spoil.

I find myself compelled to hold, that the Dominion Government, calling itself the Public Works Department, should give to itself, called the Vancouver Harbour Commission, anything which is of value to the latter, while not of value to the former.

The engineer should have protected both of the differently designated interests of his employer.

The contract forms should be so amended, without delay, that such another difficulty will settle itself automatically to the public advantage.

Bas-fonds Granville: proposition de vente des matériaux dragués pour remplissage.

La clause II des charges primitives dit: «Tous les matériaux dragués seront déposés en tel endroit et de telle manière que l'ingénieur en chef l'indiquera par écrit, ou que le décidera l'ingénieur suppléant dans ses instructions. Le dragage fait, ou les matériaux déposés, contrairement aux directions de l'ingénieur, ne seront pas payés.»

Ma lettre du 5 septembre 1916 au ministère des Travaux publics dit: «Relativement à la seconde extension, je comprends que ce dragage a été demandé par les commissaires du port. Le bassin de virage est voisin des docks qui est actuellement construit par les commissaires du port et les matériaux dragués sont poussés par des pompes pour remplir des docks. Je comprends que l'entrepreneur retire 14 cents par verge cube pour ce remplissage. Y a-t-il quelque raison qui puisse empêcher le gouvernement de percevoir ces 14 cents ou de les donner à la commission du port au lieu d'en faire une affaire profitable pour l'entrepreneur?»

Politique générale de contrôle des matériaux dragués.

En reponse à cette partie de ma lettre du 5 septembre 1916, qui traite du transfert des matériaux dragués à la commission du port de Vancouver, le ministère, à la date du 24 octobre 1916, répond comme suit: «Le ministère a considéré attentivement déjà la politique générale de contrôle des matériaux dragués qui pourraient être employés pour remplissage, et en est arrivé à la conclusion que cette politique n'était pas pratique pour la raison que le contrôle des matériaux dragués pour remplissage pousse le ministère dans un dédale de problèmes comme de trouver le terrain requis pour déposer les matériaux, la construction de cloisons, la nécessité de reprendre les matériaux, et dans plusieurs cas d'avoir des pompes additionnelles pour augmenter la pression. Pour ces raisons et beaucoup d'autres, il a donc été décidé par le ministère (à propos des contrats de dragage où les matériaux doivent être employés d'une autre manière que par le rejet au moyen de maries-salopes) de ne plus s'occuper du contrôle des matériaux dragués.»

Parlant comme auditeur, je ne puis admettre qu'un ministère se désintéresse complètement et d'une manière générale d'une fonction quelconque, parce que cette fonction se trouve dans certains cas difficile à remplir.

Toutes les fois que le gouvernement a une réclamation valide et importante à faire valoir, il faut dans chaque cas faire une enquête sur le coût probable. Ce n'est que lorsque la réclamation est considérée comme entraînant une perte, que l'on peut y renoncer. Toute perception possible qui n'est pas faite forme une infraction à la loi de l'audition et un manquement aux principes de bonne administration comme le serait l'émission non motivée d'un chèque.

Bas-fonds de Granville: discussion de la vente des matériaux dragués.

J'ai par devers moi le rapport d'un officier que j'ai envoyé à Vancouver l'automne dernier pour s'occuper de ces comptes. Il dit: «Les entrepreneurs déposent les matériaux dragués pris dans le chenal sur la propriété voisine appartenant à la commission du port de Vancouver. C'est là une dépense non nécessaire faite par les commissaires, vu que ces matériaux pourraient être placés sur la propriété de la commission, sans débours de leur part, si l'ingénieur en chef donnait instruction de la faire en vertu de la clause II du cahier des charges. L'ingénieur a fait les plans de cet ouvrage sur False Creek pour la commission du port. La Pacific Dredging Company a eu le contrat des pilotis et doublage de soutènement entourant le site à remplir; et elle a eu ensuite le contrat pour le remplissage . . . . L'ingénieur a admis sa négligence à donner les instructions nécessaires pour placer là les matériaux dragués dans ce cas et ailleurs; il en est résulté que les entrepreneurs ont fait et font actuellement une recette de 14 cents la verge cube pour les matériaux dragués en sus des 21 cents, le prix spécifié sur le contrat. Ce profit additionnel est fait sans aucune dépense additionnelle, car l'ingénieur a admis que les entrepreneurs ne pourraient trouver un moyen plus expéditif ou plus économique de se débarrasser des matériaux que de les pomper sur les terrains adjacents appartenant à la commission du port et au chemin de fer Canadian-Northern.»

La clause II du cahier des charges dit: «Tous les matériaux dragués devront être déposés en tel endroit et de telle manière que l'ingénieur en chef indiquera par écrit,» sans mention de compensation supplémentaire, comme si ce travail était couvert par la dépense encourue par le touage des maries-salopes. Dans le cas présent, si l'ingénieur a l'opinion qu'il a exprimée devant un examinateur des travaux, le remplissage des piliers formait un moyen économique de disposer des matériaux dragués.

Je ne puis m'empêcher de maintenir que le gouvernement du Canada, représenté par le ministère des Travaux publics, devrait se donner à lui-même, sous le couvert de la commission du port de Vancouver, tout ce qui pourrait avoir quelque valeur pour celle-ci, et qui n'est d'aucune valeur pour le premier.

L'ingénieur aurait dû prendre les intérêts de son patron en dépit du changement de nom de celui-ci.

Les formules de contrats devraient être changées sans délai de manière que toute autre difficulté de cette nature puisse se régler automatiquement à l'avantage du public.

Filling from First Extension of 542,000 Yards.

Instead of abandoning this filling to the contractor, on general principles, as explained by the Public Works Department's letter of October 24, 1916, enquiry should have been made as to the feasibility of disposing of it in the neighbourhood; and the department could probably have obtained as favourable terms for it as the Pacific Dredging Company did, namely, 16 cents a cubic yard.

Until new general instructions have repaired this weak spot in our system of guarding public property, I am obliged to object to the payment of the full contract rate for dredging, or 21 cents a yard, without a sufficient deduction for the filling which could have been sold to the Canadian Northern Railway Company by the department instead of by the contractor.

Disposal of Filling-Material, after Dredging.

With reference again to section 11 of the specification, namely: "All material dredged out will be deposited in such places and in such manner as may be indicated in writing by the engineer.

In the letter from the Public Works Department, dated October 24, 1916, the claim is made that we got a lower bid from the contractors on account of their prospect of selling the dredged material to other contractors, to be used as filling.

A closer examination of the specification-wording will (I think) reveal a contrary tendency, toward a higher bid.

As the specification stands, the contractors have no prospect of controlling the sale of the filling; that is entirely at the disposal of the engineer.

If the specification had read, "the engineer will have no control over the dredged materials, which will be altogether at the disposal of the contractors," then we might have got a lower tender.

If the department is to continue the policy contained in its letter of October 24, 1916, of making no profit out of the dredged material, then the specification form should be amended in some such direction as indicated, to let all the tenderers know that they can rely on the material for an additional profit.

But if the specification form is to be continued in its present wording, then (as suggested elsewhere), permanent arrangements should be made by which this large source of revenue should be maintained and controlled automatically, without frequent enquiries and instructions from headquarters.

Nature of Objections taken by Audit Office.

These objections to further payment to the Pacific Dredging Company, as the work now stands, may all be taken as coming under the clause, 'That the money is not justly due,' or 'that there is no legislative authority for the extensions to the contract.'

On the 15th January, 1917, the opinion of the Department of Justice in the matter was requested by a letter to the Deputy Minister of Justice, as follows:—

I enclose herewith a report of the Department of Public Works of the 14th November, 1916, appealing against the decision of the Auditor General with regard to the payments for work performed under the extensions to the contract of the Pacific Dredging Company, Limited, which extensions were authorized by the Orders in Council of the 22nd December, 1913, and July 8, 1916.

I also enclose the statement of the Auditor General of the 8th instant in regard thereto. You will notice that the Auditor General bases his objections on the ground that there is no legislative authority for the extension of the contract.

Under section 42 of subsection (*a*) of the Audit Act, I am enclosing herewith these documents for the purpose of obtaining your opinion as to whether there is such authority, and if so, that you will be good enough to cite it for the information of the Treasury Board.

To the said letter of the 15th January the Deputy Minister of Justice, on the 23rd February, 1917, replied as follows:—

In reply to your letter of the 15th ulto. submitting a statement from the Auditor General with regard to his objections to certain payments for work performed by the Pacific Dredging Company, Ltd., under extensions, so called, of its contract for the dredging of False creek, British Columbia, I have the honour to advise as follows:—

Remplissage fait avec matériaux de la première extension du contrat, 542,000 verges cubes.

Au lieu d'abandonner la recette de ce remplissage à l'entrepreneur, d'après une ligne de conduite généralement suivie, tel qu'expliqué dans la lettre du ministère des Travaux publics du 24 octobre 1916, on aurait dû faire une enquête sur la possibilité de placer les matériaux dans le voisinage; et le ministère aurait probablement obtenu des termes aussi favorables que ceux qu'a obtenus la Pacific Dredging Company, savoir, 16 cents la verge cube.

Jusqu'à ce que des instructions générales aient paré à cette faiblesse de notre système pour la sauvegarde des intérêts publics, je serai obligé de refuser le paiement du taux du contrat pour dragage, soit 21 cents la verge cube, sans une déduction suffisante pour le remplissage qui aurait pu être fait par le ministère au lieu de l'entrepreneur, pour le compte du chemin de fer Canadian-Northern.

Emploi des matériaux de remplissage après dragage.

La clause II du cahier des charges dit, pour y revenir encore une fois: «Tous les matériaux dragués seront déposés en tel endroit et de telle manière que l'ingénieur en chef indiquera par écrit . . . »

Dans la lettre du ministère des Travaux publics, en date du 24 octobre 1916, on prétend que le gouvernement a eu une soumission plus basse des entrepreneurs parce que ceux-ci se proposaient de vendre les matériaux à d'autres entrepreneurs pour être employés comme remplissage.

Un examen plus attentif des termes du cahier des charges démontrera (je crois) une tendance contraire vers une soumission plus élevée.

D'après le cahier des charges, les entrepreneurs ne peuvent prétendre contrôler la vente des matériaux pour remplissage; ils sont complètement à la disposition de l'ingénieur.

Si le cahier des charges disait: «L'ingénieur n'aura aucun contrôle sur les matériaux dragués qui seront entièrement à la disposition des entrepreneurs», on pourrait avoir une soumission plus basse.

Si le ministère doit continuer la politique exposée dans sa lettre du 24 octobre 1916, de ne pas faire de profit sur les matériaux dragués, alors les formules du cahier des charges devraient être amendées de la manière indiquée afin que les soumissionnaires puissent se fier sur les matériaux comme une source de profits additionnels.

Mais si les formules du cahier des charges doivent rester avec les termes actuels, alors (comme suggéré ailleurs) on devrait faire des changements permanents pour que cette importante source de revenus soit maintenue et contrôlée automatiquement, sans qu'il soit besoin de fréquentes enquêtes et instructions provenant des quartiers généraux.

Nature des objections présentées par le bureau de l'audition.

Ces objections à tout paiement ultérieur fait à la Pacific Dredging Company, en l'état actuel des travaux, peuvent toutes être basées sur la clause: «Que le montant n'est pas dû en justice ou sur la raison que les extensions du contrat ont été faites sans législation les autorisant».

Le 15 janvier 1917, l'opinion du ministère de la Justice fut demandée dans une lettre au sous-ministre de la Justice disant:—

Je vous envoie ci-inclus un rapport du ministre des Travaux publics daté du 14 novembre 1916, en appelant de la décision de l'auditeur général au sujet de paiements pour travaux faits en vertu d'extensions du contrat de la Pacific Dredging Company, Limited, extensions autorisées par des arrêtés en conseil en date du 22 décembre 1913 et du 8 juillet 1916.

J'inclus le rapport de l'auditeur général en date du 8 courant sur ce sujet. Vous remarquerez que l'auditeur général base ses objections sur la raison qu'il n'y pas de législation autorisant l'extension du contrat.

En vertu du paragraphe (a) de la section 42 de la loi de l'audition, je vous envoie ci-inclus ces documents dans le but d'avoir votre opinion sur la valeur de l'autorisation légale, et si l'autorisation est suffisante, veuillez la mentionner pour l'information du conseil du Trésor.»

A cette lettre du 15 janvier, le sous-ministre de la Justice a répondu comme suit le 23 février 1917:—

En réponse à votre lettre du 15 dernier, soumettant une déclaration de l'auditeur général concernant ses objections à certains paiements pour travaux faits en vertu d'extensions accordées au contrat de la Pacific Dredging Company, Ltd., pour dragage dans False Creek,j'ai l'honneur de donner l'opinion suivante:

The Auditor's first objection is that " the main contract was not let by such a public tender as is contemplated by section 36 of the Public Works Act," and the point involved, as I understand it, is that the provisions of clause 8 of the specifications for dredging upon which the tenders were based are such as to make it possible for the Minister or the Government to use them in a manner to defeat one of the objects of section 36 of the Public Works Act. Clause 8 of the specifications is as follows:—

> " The quantities of material are approximate only, and may be increased or decreased in actual work thirty-three and one-third per cent."

In considering this clause, one must have in mind the fact that it may be impossible accurately to estimate in advance the amount or area of dredging which may prove to be necessary to attain the purposes which the Government may have in view in letting a contract; there are certainly conceivable circumstances in which the Government would benefit materially from the insertion of such a clause in the specifications, or indeed in which it would be necessary to avoid multiplicity of tenders. I do not see any reason to doubt that this method of describing the work to be tendered for is not prohibited by the Act, and the validity of the contract cannot be impaired by the consideration that its provisions may not be properly administered in the public interest.

The Auditor's second objection appears to be that the so-called extensions of the contract to provide for the dredging of two turning-basins, were not in fact extensions of the main contract but were entirely separate works. This is, I think, a question of fact as to which the particulars stated are rather deficient. I observe that clause 9 of the specifications, which I quote hereunder, has some bearing upon this question:—

> 9. *Limits of dredging.*—The lines and grades to which dredging is to be done will be established by the engineer. The depths given in the form of tender or schedule are approximate only, and the department reserves the right to modify or alter the depth, also the lines of the work, without any additional remuneration over and above the contract prices. The plane of low-water level governing the depth to which dredging is to be carried out will be fixed by the engineer in charge in relation to the zero of a gauge already existing or to be established by him for the purpose.

Under clauses 8 and 9, it appears that the quantities of material and the limits of the area to be dredged may be varied as therein provided, the object presumably being to enable the Government to direct the dredging operations so as to attain the purpose in view. If the turning-basins in question were immediately connected with the channel which was to be dredged under the main contract, and were necessary for the purpose of navigating said channel, I am disposed to think that the limits of dredging specified in the original contract might reasonably be extended so as to require the dredging of these turning-basins to be performed as part of the original work, and if both parties to the contract have acted upon it in this view, there would be the more difficulty in holding the clauses incapable of such an application.

The only other question raised by the Auditor which appears to involve legal consideration is the question of the disposal of the spoil. Clause 11 of the specifications provides that:—

> " All material dredged out will be deposited in such places and in such a manner as may be indicated in writing by the chief engineer, the assistant chief engineer, or by the engineer acting under their instructions. Dredging done or spoil deposited contrary to the directions of the engineer will not be paid for."

It would seem that under this clause it is the duty of the contractor to deposit the spoil where directed in writing, and the contractor has, so far as I perceive, nothing further to do with the material. The engineer could not authorize the contractor to sell the spoil for his own profit, and if the contractor instead of getting a direction in writing as to the place of deposit has disposed of the spoil at a profit to himself or at a loss to the Government, he is, I should think, liable to account.

The Board, in view of the opinion of the Deputy Minister of Justice as above set forth, are of opinion that the objections of the Auditor General are not well taken and should be over-ruled, and they therefore direct that the payments in question be made.

The Board further direct that the attention of the Department of Public Works be called to the concluding paragraph of the letter of the Deputy Minister of Justice, above quoted.

T. C. BOVILLE, *Secretary.*

La première objection de l'auditeur général est «que le contrat principal a été accordé d'après des soumissions qui n'étaient pas telles que le veut la section 36 de la loi des Travaux publics», et la question soulevée, suivant moi, est que les termes de la clause 8 du cahier des charges concernant le dragage, termes sur lesquels les soumissions sont basées, sont de nature à rendre possible au ministre ou au gouvernement leur interprétation de manière à éluder l'un des buts de la clause 36 de la loi des Travaux publics. La clause 8 du cahier des charges se lit comme suit:—

> Les quantités de matériaux ne sont qu'approximatives et peuvent être augmentées ou diminuées dans le cours des travaux de trente-trois et un tiers pour cent.»

En étudiant cette clause, il faut se mettre dans l'idée qu'il est impossible d'évaluer avec précision et d'avance le montant ou la superficie de dragage à faire pour atteindre le but que le gouvernement se propose en accordant le contrat; il y a certainement des circonstances où le gouvernement peut trouver avantageux d'insérer cette clause dans le cahier des charges, et où il est nécessaire d'éviter la multiplicité des soumissions. Je ne vois pas de raison de douter que cette méthode de décrire l'ouvrage pour lequel on demande des soumissions ne soit pas défendue par la loi, et la validité du contrat ne peut être affectée par la raison que ses clauses ne sont pas appliquées convenablement dans l'intérêt public.

La seconde objection de l'auditeur général paraît être que les prétendues extensions du contrat pour effectuer le creusage de deux bassins de virage ne sont pas de fait des extensions du contrat principal, mais sont des travaux complètement séparés. C'est là, je crois, une question de fait pour laquelle nous n'avons pas assez de détails. Je remarque que la clause 9 du cahier des charges que je cite ci-après semble avoir une relation avec cette question:—

> 9. *Limites du dragage.*—Les lignes et les pentes suivant lesquelles le dragage doit être fait seront établies par l'ingénieur. Les profondeurs données sur les formules de soumissions ou dans l'échelle ne sont qu'approximatives, et le ministère se réserve le droit de modifier ou de changer les profondeurs ainsi que les lignes des travaux, sans rémunération additionnelle, au-dessus ou au-dessous des prix du contrat. Le niveau de basse mer sur lequel est basé la profondeur du creusage sera fixé par l'ingénieur en charge suivant le zéro de l'échelle en usage ou qui sera établi par lui dans ce but.

D'après les clauses 8 et 9, il appert que les quantités de matériaux et les limites de la superficie à creuser peuvent être changées tel que pourvu dans ces clauses, probablement dans le but de permettre au gouvernement de diriger les travaux de dragage de manière à atteindre son but. Si les bassins de virage en question sont reliés immédiatement au chenal dragué en vertu du contrat principal, et sont nécessaires pour fins de navigation dans le dit chenal, je suis disposé à croire que les limites du dragage spécifié dans le contrat primitif peuvent raisonnablement être étendues de manière à comprendre les bassins de virage comme formant partie du contrat primitif, et si les deux parties au contrat ont agi dans ce but, il sera difficile de maintenir que les clauses ne peuvent permettre une semblable application au contrat.

La seule autre question soulevée par l'auditeur général et qui ait un côté légal à étudier, est la question de l'emploi des matériaux de dragage. La clause 11 du cahier des charges dit:—

> Tous les matériaux dragués seront déposés en tels endroits et de la manière indiquée par écrit par l'ingénieur en chef, le sous-ingénieur en chef ou par l'ingénieur suppléant agissant sous les instructions des premiers.
>
> Le dragage fait et les matériaux déposés contrairement aux directions de l'ingénieur ne seront pas payés.

Il semblerait d'après cette clause que c'est le devoir de l'entrepreneur de déposer les matériaux dragués aux endroits indiqués par écrit, et l'entrepreneur n'a plus rien à faire avec ces matériaux, d'après ce que je crois comprendre. L'ingénieur ne peut autoriser l'entrepreneur à vendre ces matériaux à son propre profit, et si l'entrepreneur, au lieu d'avoir des instructions par écrit sur l'endroit où il faut déposer les matériaux, dispose de ceux-ci à son profit ou à perte pour le gouvernement, il est, je crois, sujet à en rendre compte.

Le conseil du Trésor, considérant l'opinion du sous-ministre de la Justice, telle qu'exposée ci-dessus, est d'avis que les objections de l'auditeur général ne sont pas justifiées et doivent être renvoyées, et ordonne en conséquence que les paiements soient faits.

Le conseil ordonne de plus que l'attention du ministère des Travaux publics soit attirée sur le dernier paragraphe de la lettre du sous-ministre de la Justice citée ci-dessus.

TREASURY BOARD CORRESPONDENCE.

Re Section 38 of the Civil Service Act.

FINANCE DEPARTMENT, January 19, 1917.

DEAR MR. FRASER,—I am sending you herewith a memo. respecting the method of dealing with salary increases in the Estimates.

Yours very truly,

T. C. BOVILLE, *D. M.*

The Auditor General.

FINANCE DEPARTMENT, January 16, 1917.

Section 38 of the Civil Service Act enacts as follows:—

In the absence of special authority of Parliament no payment additional to the salary authorized by law shall be made to any deputy head, officer, clerk or employee permanently employed in the Civil Service in respect of any service hereafter to be rendered by him, whether in the discharge of his ordinary duties of office or of any other duties which may be imposed upon him, or which he may undertake or volunteer to discharge or otherwise perform; and no vote expressed to be made generally, though qualified by the words "notwithstanding anything in the Civil Service Act," or words to the like effect shall be deemed to authorize such a payment."

Under this section therefore the salary of an officer or clerk can only be increased either by the legal provisions with regard to increase of salary under the Civil Service Act or by the special authority of Parliament. In the past the practice in the latter case has not been uniform. In some cases the name of the individual has been inserted in the Estimates and in others the title or designation of the office. The more usual practice is to use the name of the individual.

It is desirable that some uniform method should be established and the undersigned has had some conversation with the Deputy Minister of Justice on the subject. As a result of that conversation the following system should be adopted:—

The special authority of Parliament is obtained if Parliament is made cognizant of the office or individual for whom the increase is intended, and if the officer has a recognized title the use of that title in conveying the information to Parliament is sufficient; but where a clerk cannot be differentiated from other clerks except by the use of the name, then that method must be adopted.

In addition to having the title or name inserted in the details of the Estimates, it is also necessary, where an increase of salary is made, to have the title or name reproduced in the items on which the resolutions are passed.

Re section 38 de la loi du service civil.

MINISTÈRE DES FINANCES, 19 janvier 1917.

CHER MONSIEUR FRASER.—Ci-inclus un mémoire concernant la méthode à suivre dans les augmentations de salaires à insérer dans les crédits.

Votre très sincère,

T. C. BOVILLE,
Sous-ministre.

A l'auditeur général.

MINISTÈRE DES FINANCES, 16 janvier 1917.

Section 38 de la loi du service civil modifiée comme suit:—

A défaut d'autorisation spéciale par le Parlement, il ne peut être payé aucun traitement ou rémunération supplémentaire aux appointements autorisés par la loi à un sous-chef ou officier, un commis ou un employé à titre permanent dans le service civil pour tout service qu'il pourra rendre à l'avenir, soit dans l'accomplissement de ses fonctions ordinaires d'office, ou des autres fonctions qui peuvent lui être imposées ou qu'il peut entreprendre ou qu'il consent à remplir ou autrement exécuter, et nul crédit exprimé en termes généraux, bien que qualifié par les mots «Nonobstant la *Loi du Service Civil*» ou tous mots au même effet ne peut être tenu pour autoriser un pareil paiement.

Par conséquent, d'après cette section, le salaire d'un officier ou commis ne peut être augmenté que par le moyen d'une clause de la loi concernant les augmentations d'appointements dans le service civil ou par l'autorité spéciale du parlement. Jusqu'à présent, la pratique dans le dernier cas a été uniforme. Dans quelques cas le nom de l'individu a été inséré dans les estimés et dans d'autres, c'est le titre ou la désignation d'office. La pratique la plus fréquente est de donner le nom de la personne.

Il est à désirer qu'une méthode quelque peu uniforme soit établie et le soussigné a eu une conversation avec le sous-ministre de la Justice à ce sujet. Comme résultat de cette conversation, le système suivant a été adopté:—

L'autorisation spéciale du parlement peut être obtenue si le parlement connaît l'office ou la personne pour laquelle on veut avoir une augmentation, et si l'officier a un titre reconnu, l'emploi de ce titre en donnant les renseignements au parlement est suffisant; mais lorsque c'est un commis qui ne peut être différencié des autres commis que par l'emploi du nom, alors c'est cette méthode que l'on doit adopter.

De plus, pour avoir le titre ou le nom inséré dans les détails des estimés, il est aussi nécessaire, pour avoir une augmentation de salaire, d'avoir le titre ou le nom reproduit dans les item pour lesquels les résolutions sont adoptées.

Re-employment of Superannuated Officer.

AUDITOR GENERAL'S OFFICE, March 9, 1917.

SIR,—On the 19th April, 1915, an Order in Council was passed superannuating Mr. Asher Farrow, Collector of Customs at Goderich, Ont., on the ground that his retirement would be in the public interest, and also on account of his age, viz., 75 years. He was in receipt of a salary of $1,400, and his retiring allowance was fixed at $849.05. His retirement became effective from 1st May, 1915.

The Minister of Customs then appointed Mr. Farrow as Acting Collector of Customs at a salary of $550.95 which, added to his superannuation allowance, makes a total of $1,400 per annum, being the equivalent of his former salary as collector.

It will be observed that the Governor in Council retired Mr. Farrow on account of age and in the public interest, and notwithstanding the fact that he is now still older the Minister of Customs nullifies the action of the Governor in Council by continuing him in the performance of the same duties with practically the same remuneration, and presumably without regard for the public interest.

Has the Minister of Customs power to make this appointment? He has the power to appoint an Acting Collector, but is he not clerk debarred from appointing Mr. Farrow by reason of the action of the Governor in Council for retiring him?

I am, sir, your obedient servant,

J. FRASER, *A. G.*

The Secretary of the Treasury Board.

Construction of Public Buildings by Customs Department.

AUDITOR GENERAL'S OFFICE, March 9, 1917.

SIR,—I enclose herewith copies of correspondence with the Customs Department in reference to the construction of buildings by that department and paying for same out of Customs Contingencies.

I would like to have the opinion of the Treasury Board on the matter for future guidance.

I am, sir, your obedient servant,

J. FRASER, *A. G.*

The Secretary of the Treasury Board.

Emploi d'un officier à sa retraite.

BUREAU DE L'AUDITEUR GÉNÉRAL, 9 mars 1917.

MONSIEUR,—Le 19 avril 1915, un arrêté en conseil a été passé pour mettre à la retraite M. Asher Farrow, percepteur des douanes à Goderich, Ont., pour la raison que sa retraite était dans l'intérêt public et aussi à cause de son âge, 75 ans. Il recevait un salaire de $1,400 et son allocation de retraite a été fixée à $849.05. Sa retraite a pris effet le premier mai 1915.

Le ministre des Douanes a nommé ensuite M. Farrow comme percepteur suppléant des douanes au salaire de $550.95, ce qui, ajouté à son allocation de retraite, forme un total de $1,400 par année, soit l'équivalent de son ancien salaire comme percepteur.

On remarquera que le Gouverneur en conseil a mis M. Farrow à sa retraite à cause de son grand âge et pour raison d'intérêt public, et malgré qu'il soit maintenant plus vieux, le ministre des Douanes annule l'action du Gouverneur en conseil en continuant de le tenir dans l'accomplissement de ses devoirs avec pratiquement la même rémunération, et probablement sans égard à l'intérêt public.

Le ministre des Douanes a-t-il le droit de faire cette nomination? Il a le pouvoir de nommer un percepteur adjoint, mais il ne peut nommer M. Farrow, en étant empêché par l'action du Gouverneur en conseil qui a mis ce fonctionnaire à sa retraite.

Je demeure, monsieur, votre obéissant serviteur.

Construction d'édifices publics par le ministère des Douanes.

BUREAU DE L'AUDITEUR GÉNÉRAL, 9 mars 1917.

MONSIEUR,—Je vous envoie ci-inclus copie de lettres échangées avec le ministère des Douanes au sujet de la construction d'édifices par ce ministère et le paiement de ces dépenses à même le fonds des dépenses contingentes.

J'aimerais à avoir l'opinion du conseil du Trésor sur ce sujet pour servir de direction à l'avenir.

Je demeure, monsieur, votre obéissant serviteur,

J. FRASER, *auditeur général.*

Au secrétaire du conseil du Trésor.

AUDITOR GENERAL'S OFFICE, November 14, 1916.

SIR,—In the examination of the expenditure by your department during the fiscal year 1915–16, I find the following cases in which payment has been made for the erection of buildings for customs purposes:—

Port of Coaticook; erection of building at Stanhope, $3,600 less ⅓ paid by the Department of the Interior, $2,400; purchase of land, $100.

Port of St. Johns, Que.; erection of Customs building at Lacolle, $4,735; purchase of land, $175.

Port of Sherbrooke, purchase of land for Customs purposes, $100.

Port of Fernie, B.C., erection of building at Phillips, $723.14.

All these payments have been charged to the vote for "Salaries and Contingent Expenses of the Several Ports in the Dominion."

While the word "contingencies" in this connection has usually been interpreted in a very broad sense, still I am of opinion that its meaning can hardly be extended to cover such items of a permanent nature as the purchase of land and erection of buildings.

Under section 12 of the Public Works Act, the Minister of Public Works has charge of the construction and maintenance of all such public works and buildings as are placed under his control. In the majority of cases the erection and maintenance of the buildings occupied by your officers are under the control of the Minister of Public Works. I should like to know why these buildings were not also placed under his charge.

Section 13 of the Public Works Act is as follows: "Nothing in this Act shall authorize the Minister to cause expenditure not previously sanctioned by Parliament, except such repairs and alterations as the necessities of the public service demand." Under this section the Minister of Public Works cannot proceed with the erection of any building for which a vote has not previously been taken in Parliament. It appears to me that the intention of this clause was that no public building or other public work should be undertaken without the previous sanction of Parliament, and that this restriction should apply not only to the Public Works Department, but to all departments of the Government.

I think that in future it would be advisable, when you contemplate the erection of buildings without reference to the Public Works Department, to have such works authorized by a specific vote in Parliament.

I am, sir, your obedient servant,

E. D. SUTHERLAND, *for A. G.*

The Commissioner of Customs, Ottawa.

DEPARTMENT OF CUSTOMS, OTTAWA, November 20, 1916.

SIR,—I have the honour to acknowledge receipt of your letter of the 14th instant, respecting expenditure for the erection of buildings by the Department of Customs during the fiscal year 1915–16.

In reply I am to explain that such expenditure has been made only in cases of emergency, for the protection of the revenue at outlying Customs stations where there are no suitable buildings available to rent for Customs offices.

BUREAU DE L'AUDITEUR GÉNÉRAL, 14 novembre 1916.

MONSIEUR,—En examinant les dépenses de votre ministère pour l'exercice financier 1915-16, je trouve les cas suivants pour lesquels un paiement a été fait pour construction d'édifices devant servir pour les douanes:—

Port de Coaticook: érection d'édifice à Stanhope, $3,600, moins ⅓ payé par le ministère de l'Intérieur, $2,400; achat de terrain, $100.
Port de Saint-Jean, Québec: érection d'édifice des douanes à Lacolle, $4,735; achat de terrain, $175.
Port de Sherbrooke, achat de terrain pour fins de douanes, $100.
Port de Fernie, C.-B., érection d'édifice à Philipps, $724.14.

Tous ces paiements ont été imputés au crédit: "Salaires et dépenses contingentes des divers ports du Canada."

A ce propos, le mot "dépenses contingentes" a toujours été employé dans un sens très large, mais cependant je suis d'opinion que sa signification peut difficilement aller jusqu'à couvrir des item d'une nature permanente comme l'achat de terrain et la construction d'édifices.

En vertu de la section 12 de la loi des Travaux publics, le ministre des Travaux publics est chargé de la construction et de l'entretien des ouvrages et édifices publics, et ceux-ci sont placés sous son contrôle. Dans la majorité des cas, l'érection et l'entretien des édifices occupés par vos officiers sont sous le contrôle du ministre des Travaux publics. J'aimerais à savoir pourquoi ces édifices n'ont pas été placés aussi sous sa garde.

La section 13 de la loi des Travaux publics dit ce qui suit: "Rien dans cette loi ne peut autoriser le ministre à faire des dépenses qui n'ont pas été préalablement sanctionnées par le parlement, excepté les réparations et les changements nécessités par les exigences du service." D'après cette section, le ministre des Travaux publics ne peut faire ériger un édifice sans obtenir préalablement un vote du parlement. Le but de cette clause me paraît être d'empêcher la construction de tout ouvrage ou édifice publics sans la sanction préalable du parlement, et cette restriction devrait s'appliquer non seulement au ministère des Travaux publics, mais à tous les ministères.

Je crois qu'à l'avenir il sera préférable, lorsque vous aurez l'intention de construire des édifices sans vous entendre avec le ministère des Travaux publics, de vous faire autoriser par un vote spécifique du parlement.

Au commissaire des Douanes,
Ottawa.

MINISTÈRE DES DOUANES, Ottawa, 20 novembre 1916.

MONSIEUR,—J'ai l'honneur d'accuser réception de votre lettre du 14 courant au sujet de dépenses pour l'érection d'édifices par le ministère des Douanes pendant l'exercice financier 1915-16.

En réponse, je dois vous expliquer que cela a été fait seulement dans les cas d'urgence, pour la protection du revenu aux postes éloignés où il n'y a pas d'édifice à louer pour les bureaux de douane.

The vote for " Contingent Expenses of the several Ports in the Dominion " has been always used to pay for rental of Customs offices at ports and outports where Dominion buildings had not been provided for Customs purposes.

As suitable buildings could not be obtained to rent for Customs purposes at the frontier stations in question, the department found it necessary to have buildings erected and paid for out of the same vote from which rentals have been paid.

As a rule, the buildings erected cost under $5,000 each, and usually not more than $10,000 in the whole in any fiscal year.

The estimates for " contingencies " of ports in future may, however, be defined as embracing provision for temporary Customs buildings and rentals.

These buildings have not been placed under the control of the Public Works Department, as they are small buildings in charge of the Customs officers, who occupy them the same as the offices rented by the Department of Customs and occupied by Customs officers, without separate caretakers in either case.

I am, sir, your obedient servant,

JOHN McDOUGALD, *Commissioner.*

The Auditor General.

Extra payment of Military Allowance to Civil Servant.

AUDITOR GENERAL'S OFFICE, May 16, 1917.

DEAR MR. BOVILLE,—I enclose herewith a copy of " General Orders " of the Militia Department dated 15th January, 1917, and would direct your attention to an amendment to " Pay and Allowance Regulations, 1915," which reads as follows: —

(*a*) Any member of the Militia Council, if an officer of the permanent active militia or permanent staff seconded for duty, and in receipt of a salary as civil servant, shall draw the allowances shown above in addition to said salary.

Under this amendment General Fiset gets $1,400 in addition to his salary as Deputy Minister, and has drawn the same from 1st April, 1916.

Has the Militia Council power to authorize this increase in view of section 38, Civil Service Amendment Act, 1908?

Should not this have been done by a vote of Parliament followed by an Order in Council? If the Militia Council has this power, would it not be well to call the attention of the Minister of Finance to the matter and ascertain if it is the wish of the Government that the power should be exercised in the event of any other officer who may come under its scope?

Yours faithfully,

J. FRASER, *A.G.*

The Deputy Minister of Finance.

Le crédit pour «Dépenses contingentes des divers ports du Canada» a toujours été employé pour payer le loyer des bureaux de douane des ports principaux et auxiliaires où il n'y a pas d'édifices fédéraux pour les douanes.

Parce qu'on n'a pas trouvé d'édifice convenable à louer pour les douanes dans les postes de frontière en question, le ministère s'est vu dans la nécessité de faire bâtir des édifices et de les payer à même les fonds mis à sa disposition pour payer les loyers.

Règle générale, les édifices ainsi construits coûtent moins de $5,000 chacun, et ordinairement pas plus de $10,000 en tout pour un exercice financier.

Les estimés pour «dépenses contingentes» des ports à l'avenir peuvent être définis comme renfermant des crédits pour constructions et loyers temporaires pour les douanes.

Ces édifices n'ont pas été placés sous le contrôle du ministère des Travaux publics, parce que ce sont de petites constructions sous les soins des officiers de douane qui les occupent absolument comme les bureaux loués par le ministère des Douanes, sans un gardien spécial dans chaque cas.

Je demeure, monsieur, votre obéissant serviteur,

JOHN McDOUGALD, *commissaire.*

Paiement supplémentaire d'allocation militaire aux employés civils.

BUREAU DE L'AUDITEUR GÉNÉRAL, 16 mai 1917.

CHER MONSIEUR BOVILLE,—Je vous envoie ci-inclus copie d'«Ordres généraux» du ministère de la Milice en date du 15 janvier 1917, et je désire attirer votre attention sur un amendement aux «Règlements concernant la Solde et l'Allocation, 1915» qui se lit comme suit:—

(a) Tout membre du conseil de la Milice, s'il est officier de la milice active permanente ou de l'état-major permanent hors cadre pour emploi civil et reçoit des appointements comme tel, retirera les allocations indiquées ci-dessus en sus de ses appointements.

En vertu de cet amendement, le général Fiset retire $1,400 en sus de ses appointements comme sous-ministre, et cela depuis le 1er avril 1916.

Le conseil de la Milice a-t-il le pouvoir d'autoriser cette augmentation en dépit de la section 38 de la loi amendée du service civil 1908?

Cette résolution n'aurait-elle pas dû être adoptée par un vote du parlement au lieu d'un décret de l'Exécutif? Si le conseil de la Milice a ce pouvoir, ne serait-il pas à propos d'attirer l'attention du ministre des Finances sur la question et savoir si c'est le désir du gouvernement que cette faculté soit exercée en faveur de tout autre officier qui pourrait se trouver dans les mêmes conditions?

Votre dévoué,

J. FRASER, *A. G.*

Transfers from Outside Service to Inside Service.

AUDITOR GENERAL'S OFFICE, November 26, 1917.

SIR,—The question frequently arises as to who are qualified for transfer from the Outside to the Inside Civil Service under the provisions of section 50 of the Civil Service Act and section 4 of the amended Act, 1910.

These provisions refer to the transfer of " officers " from one branch of a department to another, or from the Outside Service to the Inside Service.

The terms officers, clerks, and employees appear frequently in the Act. These words must mean that the three classes have a different status, but the Act does not define what the difference is.

I have always held that an " officer " is one who has been appointed by the Governor in Council or by a special Act of Parliament, and the Department of Justice, I believe, agrees with me. This point was discussed with the Treasury Board and Department of Justice in the case of R. M. Easton; see Auditor General's Report, 1912, volume I, pages A 9 to 13.

There is a large number of persons employed in the Outside Service, including labourers, clerks, professional and technical employees, who have not been appointed by Order in Council. These persons can have the status of temporary employees only, although their service may be continuous. Many of them, I believe, are employed in the departments at Ottawa, contrary to the Civil Service Act.

Some of these are in the Department of the Interior on survey work, who have been employed under the authority of cap. 54, R.S.C., 1906.

Section 6 of the Act provides that " When it becomes necessary to employ temporary assistants in the Surveyor General's branch of the Department of the Interior for the performance of services requiring technical, scientific or professional qualifications, the Minister may, upon the requisition of the Deputy Minister, employ as such temporary assistants any persons who are reported to him by the Deputy and Surveyor General to be possessed of the special qualifications requisite for such services." You will observe that it says " temporary assistants."

Recently an Order in Council was passed transferring such an employee, Mr. M. F. Cochrane, to the Inside Service. I contend that he is not eligible for transfer. It is true he is possessed of technical or professional qualifications, but the Act provides a different method for his introduction into the Inside Service, viz., under section 21.

If it is contended that no distinction is meant between the words " officer, clerk, or employee " and the only qualifications required are three years' service in the " Outside Service," then a labourer, cook, or clerk who might not be able to pass a third division examination may, after three years' service, be transferred to the Inside Service, and as the Act says that no such transfer shall be made to the third division it must necessarily be made to the second or one of the higher divisions, this notwithstanding the chief underlying principle in the Civil Service Act, viz., entrance to the Inside Service by competitive examination.

I have to request that you will obtain a ruling of the Treasury Board defining who are eligible for transfer.

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Secretary of the Treasury Board.

Transferts du service extérieur au service intérieur.

BUREAU DE L'AUDITEUR GÉNÉRAL, 26 novembre 1917.

MONSIEUR,—On soulève fréquemment la question de savoir qui peut être qualifié pour passer du service extérieur au service intérieur en vertu des clauses de la section 50 de la loi du service civil et de la section 4 des amendements à cette loi, 1910.

Ces clauses se rapportent au transfert des «officiers» du service d'un ministère dans un autre service, ou du service extérieur au service intérieur.

Les termes: officiers, commis et employés apparaissent fréquemment dans la loi. Ces mots doivent signifier que les trois classes ont une condition différente, mais la loi ne définit pas la différence entre elles.

J'ai toujours tenu pour compris que «l'officier» est celui qui a été nommé par le Gouverneur en conseil ou par un acte spécial du parlement, et le ministère de la Justice est, je crois, d'accord avec moi. Cette question a été discutée avec le conseil du Trésor et le ministère de la Justice dans le cas de M. R. M. Easton; voir rapport de l'auditeur général 1912, vol. I, page A-9 à 13.

Il y a un grand nombre de personnes employées dans le service extérieur, y compris les journaliers, les commis, les employés professionnels et techniciens, qui n'ont pas été nommés par arrêté en conseil.

Ces personnes ne peuvent avoir que le rang d'employés temporaires, malgré que leurs services soient continus. Plusieurs d'entre elles, je crois, sont employées dans les ministères à Ottawa, contrairement à la loi du service civil.

Plusieurs de ces employés sont au ministère de l'Intérieur pour l'arpentage et sont employés en vertu du chap. 54, S.R.C., 1906.

La section 6 de la loi dit: «Lorsqu'il est nécessaire de prendre des aides temporaires dans le service de l'arpenteur général, dans le ministère de l'Intérieur, pour certains travaux techniques, scientifiques ou nécessitant des connaissances professionnelles, le ministre peut, à la demande du sous-ministre, employer comme tels aides temporaires, les personnes qui lui sont recommandées par le sous-ministre et l'arpenteur général comme possédant les qualifications spéciales pour ces travaux.» Vous remarquerez qu'il est dit «aides temporaires».

Récemment, par un décret de l'Exécutif, un de ces employés, M. M. F. Cochrane, a été transféré dans le service intérieur. Je prétends qu'il n'est pas éligible pour un tel transfert. Il est vrai qu'il possède les qualifications techniques ou professionnelles, mais la loi pourvoit à un autre mode d'entrée dans le service intérieur, savoir: en vertu de la clause 21.

Si l'on prétend qu'il n'y a pas de distinction entre les mots «officier, commis et employé», et que les seuls qualifications requises sont trois années de service dans le service extérieur, alors, un cuisinier, un journalier ou un commis pourraient passer un examen de troisième division, et après trois ans de service, être transférés dans le service intérieur; mais comme la loi dit que de tels transferts ne peuvent être faits dans la troisième division, ils devraient nécessairement être faits dans le deuxième division ou d'autres divisions plus hautes, et cela malgré le principe fondamental de la loi du service civil: l'entrée dans le service intérieur par examen de concours.

Je vous demande de donner une décision établissant une règle pour définir qui est éligible pour ces transferts.

Je demeure, monsieur, votre obéissant serviteur,

Au secrétaire du conseil du Trésor. J. FRASER, *auditeur général.*

Illegal Payments to H. R. Hamilton.

AUDITOR GENERAL'S OFFICE, March 21, 1917.

SIR,—I enclose herewith a file of correspondence with the Clerk of the House of Commons in reference to illegal payments made to Mr. H. R. Hamilton, a sessional clerk. Mr Hamilton enlisted for overseas service on 19th July, 1916, and has been drawing military pay since that date at the rate of $4.05 per day. The Clerk of the House of Commons has also been paying him at the rate of $5 per day. I have pointed out to him that this is contrary to the regulations laid down by the Governor in Council, and asked him to obtain a refund of the amount illegally paid. He has not complied with my request, and I see by the vouchers for February that he still continues to pay Mr. Hamilton for clerical services, notwithstanding the fact that he is in the military service. Under these circumstances, I have to request that you will instruct the Clerk that he must recover from Mr. Hamilton the amount illegally paid and refrain from making any further payment to him, or I shall be obliged to decline to issue any further certificate for Letters of Credit.

Please return file.

I am, your obedient servant,

J. FRASER, *Auditor General.*

The Secretary of the Treasury Board.

FINANCE DEPARTMENT, March 23, 1917.

SIR,—By direction of the Treasury Board, I have the honour to forward you herewith a letter of the 21st instant, addressed to the Board, by the Auditor General on the subject of alleged illegal payments made to Mr. H. R. Hamilton, a sessional clerk.

Attached to the Auditor General's letter is a file of correspondence relative to the same matter.

In submitting these papers for your consideration and action, I am at the same time desired to express the opinion of the Board that the payments referred to by the Auditor General should be stopped, and steps should be taken to have the amount of overpayments refunded, as indicated in his letter.

I am, sir, your obedient servant,

Paiements illégaux à H. R. Hamilton.

BUREAU DE L'AUDITEUR GÉNÉRAL, OTTAWA, 21 mars 1917.

MONSIEUR,—Je vous envoie ci-inclus une liasse de correspondance avec le greffier de la Chambre des communes concernant des paiements illégaux faits à M. H. R. Hamilton, commis sessionnel. M. Hamilton s'est enrôlé pour le service d'outre-mer le 19 juillet 1916, et il a retiré sa solde depuis cette date au taux de $4.05 par jour. Le greffier de la Chambre des communes lui paie aussi des appointements se montant à $5 par jour.

Je lui ai dit que cela était contraire aux règlements faits par le Gouverneur en conseil, et lui ai demandé de faire rembourser le montant payé illégalement. Il ne s'est pas conformé à ma demande, et je vois par les reçus de février qu'il continue encore à payer M. Hamilton pour travail de commis, malgré le fait qu'il est dans le service militaire. Vu ces circonstances, je vous demande de donner instruction au greffier de recouvrer de M. Hamilton le montant payé illégalement et de cesser de faire d'autres paiements semblables, car sans cela je serai obligé de refuser d'émettre d'autre certificat pour lettres de crédit.

Veuillez retourner le dossier.

MINISTÈRE DES FINANCES, OTTAWA, 23 mars 1917.

MONSIEUR,—Par ordre du conseil du Trésor, j'ai l'honneur de vous envoyer ci-inclus une lettre du 21 courant, adressée au conseil par l'auditeur général au sujet de paiements illégaux faits à M. H. R. Hamilton, commis sessionnel.

Attachée à la lettre de l'auditeur général est une liasse de correspondance concernant le même sujet.

En soumettant ces documents à votre considération et en vous demandant d'agir, je désire en même temps exprimer l'opinion du conseil que les paiements mentionnés par l'auditeur général doivent cesser et qu'il faut faire des démarches pour faire rembourser les paiements supplémentaires qui ont été faits, comme il est dit dans la lettre.

Military Voters Act, 1917—Expenses of Scrutineers.

AUDITOR GENERAL'S OFFICE, January 14, 1918.

SIR,—The Military Voters Act, 1917, section 4, subsection 2, provides for the payment of election officers as follows: "Such officers and functionaries and their deputies, clerks, and assistants, except scrutineers and deputy scrutineers, may be paid and reimbursed as the Governor General in Council may provide, authorize and allow; scrutineers may be paid their actual travelling and living expenses only, at a rate to be fixed by the Governor General in Council; deputy scrutineers shall not be paid or reimbursed out of the funds of Canada any sums whatever."

An Order in Council was passed on 9th November, 1917, which contains the following paragraph: "The Minister further recommends that each of said scrutineers be paid for their services as such their actual outlay for expenses of transportation and the additional sum of $25 per day for further and other travelling and living expenses."

I pointed out to the Department of Justice that scrutineers could not be paid anything for their services; they could be paid only their actual travelling and living expenses.

An amending Order in Council was passed on the 4th January, 1918, striking out the above paragraph in the Order in Council of 9th November, 1917, and substituting the following paragraph: "The Minister further recommends that the said scrutineers, respectively, shall be paid for their travelling and living expenses only, and at the following rate, $25 per day for living expenses, plus actual travelling expenses."

Mr. W. R. Hearn, one of the scrutineers, has presented an account for payment made up of his transportation expenses and thirty-seven days up to 15th December at $25 per day. He does not contend that his actual living expenses amount to that sum. The amount over and above his actual expenses is therefore not justly due, and I have refused to issue a certificate for the payment of such excess.

This action is taken under section 43 of the Consolidated Revenue and Audit Act and I have to request that the Treasury Board make a ruling in this matter.

I am, sir, your obedient servant,

The Secretary of the Treasury Board. J. FRASER, *A.G.*

TREASURY BOARD, January 18, 1918.

DEAR SIR,—I enclose herewith a reference from the Auditor General to the Treasury Board, respecting travelling and living expenses of scrutineers appointed under the provisions of the Military Voters Act, 1917.

Before the Board give a decision in the matter they would like very much to receive from the Department of Justice any statement it may desire to make in this connection.

Yours truly,

T. C. BOVILLE, *Secretary.*

The Deputy Minister of Justice.

Loi des électeurs militaires—Dépenses des scrutateurs.

BUREAU DE L'AUDITEUR GÉNÉRAL, 14 janvier 1918.

MONSIEUR,—La loi des électeurs militaires, section 4, sous-section 2, pourvoit au paiement des officiers d'élection comme suit: "Pareils officiers et fonctionnaires et leurs adjoints, greffiers et aides, sauf les scrutateurs et les scrutateurs adjoints, peuvent être payés et remboursés suivant que le Gouverneur général en conseil peut prescrire, autoriser ou permettre; les scrutateurs peuvent recevoir en paiement leurs frais de voyage et de subsistance seulement, au taux devant être fixé par le Gouverneur général; aucune somme quelconque ne doit être payée ou remboursée aux scrutateurs adjoints sur les fonds du Canada."

Un arrêté en conseil a été passé le 9 novembre 1917, contenant le paragraphe suivant: "Le ministre recommande de plus que chacun des dits scrutateurs reçoive pour ses services comme tel ses déboursés pour frais de voyage et en plus la somme de $25 par jour pour toutes autres dépenses de voyage et de subsistance."

J'ai démontré au ministère de la Justice que les scrutateurs ne doivent rien recevoir pour leurs services; ils peuvent être payés pour leurs frais de voyage et de subsistance seulement.

Un arrêté en conseil en amendement a été passé le 4 janvier 1918, biffant le paragraphe susdit de l'arrêté en conseil du 9 novembre 1917, et substituant le paragraphe suivant: "Le ministre recommande de plus que les dits scrutateurs, respectivement, reçoivent en paiement leurs frais de voyage et de subsistance seulement au taux suivant de $25 par jour pour les frais de subsistance, avec en plus les frais de voyage."

M. W. R. Hearn, l'un des scrutateurs, a présenté un compte fait pour ses frais de voyage et pour trente-sept jours au 15 décembre à $25 par jour. Il ne prétend pas que ses frais de subsistance se montent à cette somme. Le montant qui dépasse ses dépenses réelles pour subsistance n'est donc pas dû, et j'ai refusé d'émettre un certificat pour le paiement de ce surplus.

Cette action est basée sur la section 43 de la loi du Revenu consolidé et de la loi de l'Audition, et je demande au conseil du Trésor pour établir une règle à ce sujet.

Je demeure, monsieur, votre obéissant serviteur,

Avant que le conseil prenne une décision sur ce point il désirerait beaucoup recevoir du ministère de la Justice toutes déclarations que ce ministère pourrait désirer faire sur cette affaire.

MEMORANDUM FOR THE HONOURABLE THE TREASURY BOARD.

OTTAWA, January 17, 1918.

The undersigned have the honour to report that Mr. W. R. Hearn, one of the scrutineers appointed under the provisions of the Military Voters Act, 1917, has presented to the Auditor General an account for payment, made up of his transportation expenses and thirty-seven days up to the 15th December, 1917, at $25 per day.

Section 4, subsection 2 of the said Act provides as follows: "Scrutineers may be paid their actual travelling and living expenses only, at a rate to be fixed by the Governor General in Council."

An Order in Council was passed on the 9th November, 1917, on the report of the Minister of Justice, which contains the following paragraph:—

> "The Minister further recommends that each of said scrutineers be paid for their services as such their actual outlay for expenses of transportation, and the additional sum of $25 per day for further and other travelling and living expenses."

The Auditor General pointed out to the Department of Justice that scrutineers could not be paid anything for their services; that they could be paid only their actual travelling and living expenses.

An amending Order in Council was passed on the 4th January, 1918, striking out the above paragraph in the Order in Council of the 9th November, 1917, and substituting the following paragraph:—

> "The Minister further recommends that the said scrutineers, respectively, shall be paid for their travelling and living expenses only, and at the following rate, $25 per day for living expenses, plus actual travelling expenses."

The Auditor General states that Mr. Hearn does not contend that his actual living expenses amount to the sum of $25 per day and, on the ground that the amount over and above the actual expenses is therefore not justly due, has refused under the provisions of section 43 of the Consolidated Revenue and Audit Act, to issue a certificate for the payment of such excess.

This report is made in accordance with the provisions of section 43 of the last named Act.

J. FRASER, *A.G.*
T. C. BOVILLE, *D.M.F.*

JUSTICE DEPT., January 21, 1918.

DEAR SIR,—Yours of January 18, transmitting a letter from the Auditor General, asking the opinion of the department in reference to the payment of scrutineers, under section 4, subsection 2, of the Military Voters Act, received.

This question was considered by the Department of Justice, before approving of the second Order in Council, and it was, and still is, the opinion of this department that the words "scrutineers may be paid their actual travelling expenses only, at a rate to be fixed by the Governor General in Council" meant something, and that the Order in Council was passed in accordance with these words and should be put into effect.

Yours very truly,

ARTHUR L. SIFTON,
Acting Minister.

The Secretary of the Treasury Board.

MÉMORANDUM POUR L'HONORABLE CONSEIL DU TRÉSOR.

OTTAWA, 17 janvier 1918.

Le soussigné a l'honneur de faire rapport que M. W. R. Hearn, un des scrutateurs nommé en vertu des dispositions de la loi des électeurs militaires, 1917, a présenté un compte à l'auditeur général pour être payé de ses frais de voyage et pour trente-sept jours au 15 décembre 1917 à $25 par jour.

Section 4, sous-section 2 de la dite loi stipule ce qui suit: "Les scrutateurs peuvent recevoir en paiement leurs frais de voyage et de subsistance seulement, au taux devant être fixé par le Gouverneur général en conseil."

Un arrêté en conseil a été passé le 9 novembre 1917 sur le rapport du ministre de la Justice contenant le paragraphe suivant:

"Le ministre recommande de plus que chacun des dits scrutateurs soit payé pour ses services comme tel, ses réels déboursés pour dépenses de voyage, et la somme additionnelle de $25 par jour pour autres frais additionnels de déplacement et de subsistance."

L'auditeur général fit remarquer au ministère de la Justice que les scrutateurs ne pouvaient pas être payés pour leurs services; qu'ils ne pouvaient être payés que pour leurs réelles dépenses de voyage et de subsistance.

Un arrêté en conseil amendant le premier a été passé le 4 janvier 1918, biffant le paragraphe ci-dessus de l'arrêté en conseil du 9 novembre 1917, et substituant le paragraphe suivant:—

"Le ministre recommande de plus que les dits scrutateurs, respectivement, soient payés pour leurs dépenses de voyage et de subsistance seulement, et au taux suivant, $25 par jour pour coût de subsistance, plus les frais réels de déplacement."

L'auditeur général déclare que M. Hearn ne prétend pas que ses frais réels de subsistance s'élèvent à la somme de $25 par jour et, vu que le surplus ou le déficit dans le montant des dépenses réelles n'est pas justement dû, a refusé, en vertu des dispositions de la section 43 de la loi du revenu consolidé et de l'audition, d'émettre un certificat pour le paiement de tel surplus.

Ce rapport est fait en conformité avec les dispositions de la section 43 de la loi en dernier lieu mentionné.

J. FRASER, *auditeur général,*
T. C. BOVILLE, *sous-ministre des Finances*

MINISTÈRE DE LA JUSTICE, 21 janvier 1918.

CHER MONSIEUR,—J'accuse réception de votre honorée du 18 transmettant une lettre de l'auditeur général et demandant une opinion de ce ministère au sujet du paiement des scrutateurs en vertu de la section 4, sous-section 2 de la loi des électeurs militaires, 1917.

Cette question a été étudiée par le ministère de la Justice, avant d'approuver le deuxième arrêté en conseil, et ce fut et c'est encore l'opinion de ce ministère que les mots "les scrutateurs peuvent recevoir en paiement leurs frais de voyage et de subsistance seulement, à un taux devant être fixé par le Gouverneur général en conseil" signifient quelque chose, et que l'arrêté en conseil a été passé en conformité avec ces mots et doit être mis à exécution.

Votre bien dévoué,

Au secrétaire du conseil du Trésor.

TREASURY BOARD, Ottawa, February 1, 1918.

DEAR SIR,—Referring to your letter under date of the 14th January, 1918, regarding the payment of scrutineers under the Military Voters Act, 1917, I enclose herewith Treasury Board Minute of the 25th January, 1918, in reference to the subject, together with a copy of an opinion of Justice.

Yours truly,

The Auditor General. T. C. BOVILLE, *Secretary.*

Minute of Treasury Board, Ottawa, 25th January, 1918.

The Board had under consideration a memorandum from the Auditor General respecting travelling and living expenses of scrutineers appointed under the provisions of the Military Voters Act, 1917.

The Auditor General states that the Military Voters Act, 1917, section 4, subsection 2, provides for the payment of election officers as follows: "Such officers and functionaries and their deputies, clerks and assistants, except scrutineers and deputy scrutineers, may be paid and reimbursed as the Governor General in Council may provide, authorize and allow; scrutineers may be paid their actual travelling and living expenses only, at a rate to be fixed by the Governor General in Council; deputy scrutineers shall not be paid or reimbursed out of the funds of Canada any sums whatever"; that an Order in Council was passed on the 9th November, 1917, which contains the following paragraph: "The Minister further recommends that each of said scrutineers be paid for their services as such their actual outlay for expenses of transportation, and the additional sum of $25 per day for further and other travelling and living expenses"; that an amending Order in Council was passed on the 4th January, 1918, striking out the above paragraph in the Order in Council of the 9th November, 1917, and substituting the following paragraph: "The Minister further recommends that the said scrutineers respectively shall be paid for their travelling and living expenses only, and at the following rate, $25 per day for living expenses, plus actual travelling expenses."

The Auditor General further states that one of the scrutineers has presented an account for payment made up of his transportation expenses and thirty-seven days at $25 per day; that the scrutineer does not contend that his actual living expenses amount to that sum. The Auditor General therefore considers that the amount over and above his actual expenses is not justly due, and has refused, under the provisions of section 43 of the Consolidated Revenue and Audit Act, to issue a certificate for the payment of such excess.

The matter having been referred to the Department of Justice for opinion, the Board had also under consideration a letter from that department under date of the 21st January, 1918, stating that: "This question was considered by the Department of Justice, before approving of the second Order in Council, and it was, and still is, the opinion of this Department that the words 'scrutineers may be paid their actual travelling expenses only, at a rate to be fixed by the Governor General in Council' meant something, and that the Order in Council was passed in accordance with these words, and should be put into effect."

The Board, concurring in the above opinion expressed by the Department of Justice, direct that the aforesaid Order in Council of the 4th January, 1918, be put into effect.

T. C. BOVILLE, *Secretary.*

CONSEIL DU TRÉSOR, OTTAWA, 1er février 1918.

CHER MONSIEUR,—En réponse à votre lettre en date du 14 janvier 1918, au sujet du paiement des scrutateurs en vertu de la loi des électeurs militaires, 1917, je vous inclus dans la présente la minute du conseil du Trésor, du 25 janvier 1918, sur ce sujet, avec en plus une copie de l'opinion du ministère de la Justice.

Votre tout dévoué,

A l'auditeur général. T. C. BOVILLE, *secrétaire du conseil du Trésor.*

MINUTE DU CONSEIL DU TRÉSOR, OTTAWA, 25 janvier 1918.

Le conseil a étudié un mémoire présenté par l'auditeur général concernant les frais de voyage et de subsistance des scrutateurs nommés en vertu des clauses de la loi des électeurs militaires, 1917.

L'auditeur général déclare que la loi des électeurs militaires, 1917, section 4, sous-section 2, pourvoit au paiement des officiers d'élection comme suit: "Pareils officiers et fonctionnaires et leurs adjoints, greffiers et aides, sauf les scrutateurs et les scrutateurs adjoints, peuvent être payés et remboursés suivant que le Gouverneur général en conseil peut prescrire, autoriser ou permettre; les scrutateurs peuvent recevoir en paiement leurs frais de voyage et de subsistance seulement, à un taux devant être fixé par le Gouverneur général en conseil; aucune somme quelconque ne doit être payée ou remboursée aux scrutateurs adjoints sur les fonds du Canada"; qu'un arrêté en conseil a été passé le 9 novembre 1917, contenant le paragraphe suivant: "Le ministre recommande de plus que chacun des dits scrutateurs reçoive pour ses services comme tel ses déboursés réels pour frais de voyage et la somme additionnelle de $25 par jour pour toutes autres dépenses de voyage et de subsistance"; qu'un arrêté en conseil pour amendement a été passé le 4 janvier 1918, biffant le paragraphe susdit de l'arrêté en conseil du 9 novembre 1917, et substituant le paragraphe suivant: "Le ministre recommande de plus que les dits scrutateurs reçoivent respectivement pour leurs frais de voyage et de subsistance seulement et au taux suivant, $25 par jour pour frais de subsistance en plus des frais de voyage."

L'auditeur général déclare de plus que l'un des scrutateurs a présenté un compte pour paiement de ses frais de voyage et pour trente-sept jours à $25 par jour; que le scrutateur ne prétend pas que ses frais de subsistance réellement payés s'élèvent à cette somme. L'auditeur général considère donc que le montant dépassant les dépenses réellement payées n'est pas dû justement, et a refusé, en vertu de la clause 43 de la loi du revenu consolidé et de l'audition, d'émettre un certificat pour le paiement de ce montant en surplus.

La question ayant été soumise au ministère de la Justice pour avoir une opinion, le conseil a aussi étudié une lettre de ce ministère en date du 21 janvier 1918, disant: "Cette question a été étudiée par le ministère de la Justice, avant d'approuver le deuxième arrêté en conseil, et ce fut et c'est encore l'opinion de ce ministère que les mots "les scrutateurs recevront leurs frais de voyage réels seulement, à un taux devant être fixé par le Gouverneur général en conseil" signifient quelque chose, et que l'arrêté en conseil a été passé en conformité avec ces mots, et doit être mis à exécution.

Le conseil, adoptant l'opinion exprimée par le ministère de la Justice, ordonne que le dit arrêté en conseil du 4 janvier 1918 soit mis à exécution.

T. C. BOVILLE, *secrétaire*

AUDIT OFFICE, February 6, 1918.

SIR,—I have to acknowledge receipt of your letter of 1st instant, enclosing a Minute of the Treasury Board of the 25th ultimo respecting travelling and living expenses of scrutineers appointed under the provisions of the Military Voters Act, 1917, also a copy of the opinion of the Acting Minister of Justice in reference to the same.

The Acting Minister of Justice states that the words "scrutineers may be paid their actual travelling expenses only, at a rate to be fixed by the Governor General in Council' meant something, and that the Order in Council was passed in accordance with these words, and should be put into effect."

I have not raised any objection to the payment of the actual travelling expenses, as that is what was provided for in the Military Voters Act and also in the Order in Council. My objection was taken to the payment of $25 per day for living expenses, and I presume that is what the Acting Minister of Justice referred to.

The Act states that "scrutineers may be paid their actual travelling and living expenses only, at a rate to be fixed by the Governor General in Council."

The Governor General in Council has fixed the rate for living expenses at $25 per day, thus limiting the amount of actual living expenses that may be paid to that amount, and as Parliament has authorized that they may be paid their actual living expenses only I do not think that the Governor General in Council can authorize the payment of a larger sum than that actually expended by the scrutineers.

I agree with the Acting Minister of Justice that the words "meant something," and this is my interpretation of what is meant, and I am prepared to carry out the Order in Council on these lines.

If a larger sum than the actual expenses is to be paid, I would respectfully suggest that the amount which the Government intends to pay be placed in the Estimates and voted by Parliament at the next session.

In the meantime, I have made advances on account to Mr. Hearn, and am prepared to do the same for the other scrutineers whenever they apply for the same.

I am, sir, your obedient servant

J. FRASER. *A.G.*

The Secretary of the Treasury Board.

BUREAU DE L'AUDITEUR GÉNÉRAL, 6 février 1918.

MONSIEUR,—J'ai l'honneur d'accuser réception de votre lettre du premier courant, contenant une copie des minutes du conseil du Trésor du 25 dernier concernant les frais de voyage et de subsistance des scrutateurs nommés en vertu des clauses de la loi des électeurs militaires, 1917, et une copie de l'opinion du ministre suppléant de la Justice à ce sujet.

Le ministre suppléant de la Justice déclare que les mots "les scrutateurs peuvent recevoir en paiement leurs frais de voyage réels seulement, à un taux devant être fixé par le Gouverneur général en conseil" signifient quelque chose, et que l'arrêté en conseil a été passé en conformité avec ces mots et doit être mis à exécution."

Je n'ai pas soulevé d'objection contre le paiement des frais réels de voyage, tel que pourvu par la loi du service militaire, et aussi par l'arrêté en conseil. Mon objection porte sur le paiement de $25 par jour pour frais de subsistance, et je présume que c'est là ce que voulait désigner le ministre suppléant de la Justice.

La loi déclare que "les scrutateurs peuvent recevoir en paiement leurs frais réels de voyage et de subsistance seulement, à un taux devant être fixé par le Gouverneur général en conseil". Le Gouverneur général en conseil a fixé le taux des frais de subsistance à $25 par jour, limitant ainsi le montant des frais réels ou actuels des frais de subsistance qui peuvent être payés jusqu'à ce montant, et vu que le parlement n'a autorisé de payer que les frais réels ou actuels de subsistance, je ne pense pas que le Gouverneur général en conseil puisse autoriser le paiement d'une somme plus forte que celle qui a été réellement dépensée par les scrutateurs.

Je m'accorde avec le ministre suppléant de la Justice que les mots signifient quelque chose, et que c'est mon interprétation de ce qu'ils signifient, et je suis prêt à mettre à exécution l'arrêté en conseil sur cette base.

Si une somme plus forte que les dépenses réellement faites doit être payée, je vous suggérerais respectueusement que le montant que le gouvernement veut payer soit placé dans les estimés et voté par le parlement à la prochaine session.

Dans l'intervalle, j'ai fait des avances sur le compte de M. Hearn, et je suis prêt à faire de même pour les autres scrutateurs du moment qu'ils en feront la demande.

Je demeure, monsieur, votre obéissant serviteur,

J. FRASER, *auditeur général.*

Au secrétaire du conseil du Trésor.

Construction of Buildings by Customs Department.

Construction des édifices du ministère des Douanes.

AUDIT OFFICE, March 9, 1917.

SIR,—I enclose herewith copies of correspondence with the Customs Department in reference to the construction of buildings by that department, and paying for same out of Customs contingencies. I would like to have the opinion of the Treasury Board on the matter for future guidance.

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Secretary of the Treasury Board.

BUREAU DE L'AUDITEUR, 9 mars 1917.

MONSIEUR,—Ci-inclus copies de la correspondance avec le ministère des Douanes au sujet de la construction des édifices par ce ministère et des paiements pour icelles par le compte des dépenses contingentes des Douanes. Je désirerais avoir l'opinion du conseil de la Trésorerie pour ma gouverne en cette affaire.

Je demeure, Monsieur, votre obéissant serviteur,

J. FRASER, *A.G.*

Le secrétaire du conseil de la Trésorerie.

AUDIT OFFICE, November 14, 1916.

SIR,—In the examination of the expenditure by your department during the fiscal year 1915-16, I find the following cases in which payment has been made for the erection of buildings for customs purposes:—

Port of Coaticook: Erection of buildings at Stanhope, $3,600, less one third paid by the Department of the Interior, $2400; purchase of land, $100.

Port of St. Johns, Que.: Erection of Customs buildings at Lacolle, $4735; purchase of land, $175.

Port of Sherbrooke: Purchase of land for Customs purposes, $100.

Port of Fernie, B.C.: Erection of buildings at Phillips, $723.14.

All these payments have been charged to the vote for "Salaries and Cotingent expenses of the several Ports in the Dominion."

While the word "Contingencies" in this connection has usually been interpreted in a very broad sense, still, I am of opinion that its meaning can hardly be extended to cover such items of a permanent nature as the purchase of land and erection of buildings.

Under section 12 of the Public works Act, the Minister of Public Works has charge of the construction and maintenance of all such public works and buildings as are placed under his control. In the majority of cases the erection and maintenance of the buildings occupied by your officers are under the control of the Minister of Public Works. I should like to know why these buildings were not also placed under his charge.

Section 13 of the Public Works Act is as follows: "Nothing in this Act shall authorize the Minister to cause expenditure not previously sanctioned by Parliament, except such repairs and alterations as the necessities of the public service demand." Under this section the Minister of Public Works cannot proceed with the erection of any building for which a vote has not previously been taken in Parliament. It appears to me that the intention of this clause was that no public building or other public work should be undertaken without the previous sanction of Parliament, and that this restriction should apply not only to the Public Works Department, but to all departments of the Government.

BUREAU DE L'AUDITEUR, 14 nov. 1916.

MONSIEUR,—En examinant les déboursés de votre ministère durant l'année fiscale de 1915-16, je trouve les paiements suivants pour la construction des édifices des Douanes:—

Port de Coaticook: Construction d'édifices à Stanhope, $3,600, moins ⅓ payé par le ministère de l'Intérieure, $2,400; achat de terrain, $100.

Port de St-Jean, Qué.: Construction d'édifices à Lacolle, $4,735; achat de terrain, $175.

Port de Sherbrooke: Achat de terrain pour le ministère de Douanes, $100.

Port de Fernie, C.-B.: Construction d'édifices à Phillips, $723.14.

Tous ces paiements ont été chargés au crédit pour "Salaires et dépenses contingentes des divers ports en Canada."

Bien que les mots "dépenses contingentes" dans ces cas aient été généralement interprétés dans un sens très large, cependant, je suis d'opinion qu'on ne peut aller jusqu'à couvrir des items d'une nature permanente telle que l'achat de terrain pour la construction d'édifices.

En vertu de la section 12 de la loi des travaux publics, le ministre des Travaux publics a charge de la construction et de l'entretien de tous travaux publics et édifices qui sont comme placés sous son contrôle. Dans la plupart des cas la construction et l'entretien des édifices occupés par vos fonctionnaires sont sous la gestion du ministre des Travaux publics. J'aimerais à savoir pourquoi ces édifices n'ont pas été aussi mis à sa charge.

La section 13 de la loi des Travaux publics est ainsi conçue: "Rien de contenu en la présente loi n'autorise "le Ministre à faire des dépenses qui n'ont pas été préalablement sanctionnées par le parlement, sauf pour les réparations et les changements devenus nécessaires par suite des besoins du service public. D'après cette section le ministre des Travaux publics ne peut procéder à la construction d'aucun édifice pour lequel un crédit n'a pas été préalablement voté par le Parlement. Il me semble que l'intention de cette clause était pour qu'aucun édifice public ou autres travaux publics ne fussent entrepris avant d'avoir été préalablement autorisé par le Parlement, et que cette restriction devrait s'appliquer non seulement au ministère des Travaux publics, mais à tous les ministères du Gouvernement.

I think that in future if would be advisable, when you contemplate the erection of buildings without reference to the Public Works Department, to have such works authorized by a specific vote in Parliament.

I am, sir, your obedient servant,

E. D. SUTHERLAND, *for A.G.*

The Commissioner of Customs.

Je crois qu'à l'avenir il serait bon quand vous projetterez d'ériger des édifices sans le concours du ministère des Travaux publics, d'avoir ces travaux autorisés par un crédit spécial du Parlement.

Je demeure, Monsieur, votre obéissant serviteur,

E. D. SUTHERLAND, pour *l'A.*

Le Commissaire des douanes.

DEPARTMENT OF CUSTOMS, OTTAWA, Nov. 20, 1916.

SIR,—I have the honour to acknowledge receipt of your letter of the 14th instant, respecting expenditure for the erection of buildings by the Department of Customs during the fiscal year 1915-16.

In reply, I am to explain that such expenditure has been made only in cases of emergency, for the protection of the revenue at outlying Customs stations where there are no suitable buildings available to rent for Customs offices. The vote for "Contingent Expenses of the several Ports in the Dominion" has been always used to pay for rental of Customs offices at Ports and Outports where Dominion buildings had not been provided for Customs purposes. As suitable buildings could not be obtained to rent for Customs purposes at the frontier stations in question, the department found it necessary to have buildings erected and paid for out of the same vote from which rentals have been paid. As a rule, the buildings erected cost under $5,000 each, and usually not more than $10,000, on the whole, in any fiscal year. The estimates for "Contingencies" of Ports in future may, however, be defined as embracing provision for temporary Customs buildings and rentals.

These buildings have not been placed under the control of the Public works Department, as they are small buildings in charge of the Customs officers who occupy them, the same as the offices rented by the Department of Customs and occupied by Customs officers, without separate caretakers in either case.

I am, sir, your obedient servant,

JOHN McDOUGALD, *Commissioner.*

MINISTÈRE DES DOUANES, Ottawa, 20 nov. 1916.

MONSIEUR,—J'ai l'honneur d'accuser réception de votre lettre du 14 courant, concernant les déboursés pour la construction d'édifices par le ministère des Douanes durant l'année fiscale 1915-16.

En réponse je dois expliquer que ces déboursés ont été faits qu'en cas d'urgence, pour la protection du revenu aux stations douanières extérieures où il n'y a pas de bâtiments convenables à louer pour bureaux des douanes. Le crédit pour "dépenses contingentes des divers ports en Canada" a toujours été employé à payer le loyer des bureaux des douanes aux ports intérieurs et extérieurs où des édifices fédéraux n'ont pas été érigés pour les douaniers. Comme on ne pouvait pas trouver à louer des édifices convenables pour la douane aux stations en question à la frontière, le Ministère a jugé nécessaire de faire des constructions et de les payer à même le crédit servant à payer les loyers. Comme règle, les édifices érigés coûtent moins de $5,000 chacun, et ordinairement pas plus de $10,000 en totalité pour n'importe quelle année fiscale. Les crédits demandés à l'avenir pour "dépenses contingentes" des ports devront, cependant, être définis comme comprennant les frais de constructions temporaires et loyers pour la douane.

Ces constructions n'ont pas été placées sous le contrôle du ministère des Travaux publics, parcequ'elles sont petites, qu'elles sont occupées par les fonctionnaires douaniers comme les burcaux loués par le ministère des Douanes sans gardiens additionnels dans l'un ou l'autre cas.

Je demeure, Monsieur, votre obéissant serviteur,

JOHN McDOUGALD, *Commissaire.*

Re Employment of Superannuated Officer.

Re Emploi de fonctionnaire retraité.

AUDIT OFFICE, OTTAWA, March 9, 1917.

SIR,—On the 19th April, 1915, an Order in Council was passed superannuating Mr. Asher Farrow, Collector of Customs at Goderich, Ont., on the ground that his retirement would be in the public interest, and also on account of his age, viz., 75 years. He was in receipt of a salary of $1,400, and his retiring allowance was fixed at $849.05. His retirement became effective from 1st May, 1915. The Minister of Customs then appointed Mr. Farrow as Acting Collector of Customs at a salary of $550.95, which added to his superannuation allowance makes a total of $1400 per annum, being the equivalent of his former salary as collector. It will be observed that the Governor in Council retired Mr. Farrow on account of age

BUREAU DE L'AUDITEUR, Ottawa, 9 mars 1917.

MONSIEUR,—Le 19 avril 1915, un ordre en conseil a été passé retraitant M. Asher Farrow, percepteur des douanes à Goderich, Ont., parce que sa retraite serait dans l'intérêt public, et aussi à cause de son âge, soit, 75 ans. Il recevait un salaire de $1,400, et son allocation de retraitant a été fixé à $849.05. Sa retraite devint effective le premier mai 1915. Le Ministère des Douanes nomma alors M. Farrow percepteur suppléant des douanes au salaire de $550.95, ajouté à l'allocation de retraitant, fait un total de $1,400 par an, étant l'équivalent de son ancien salaire comme percepteur. Il faut tenir compte que le Gouverneur en conseil a retraité M. Farrow à cause de son âge et dans l'intérêt public, et malgré qu'il soit maintenant encore

and in the public interest, and notwithstanding the fact that he is now still older the Minister of Customs nullifies the action of the Governor in Council by continuing him in the performance of the same duties with practically the same remuneration and presumably without regard for the public interest.

Has the Minister of Customs power to make this appointment? He has the power to appoint an acting collector, but is he not debarred from appointing Mr. Farrow by reason of the action of the Governor in Council retiring him?

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Secretary of the Treasury Board.

No answer to these letters has been received from the Treasury Board. J. F., *A.G.*

plus vieux, le Ministre des Douanes annule l'action du Gouverneur en conseil en le maintenant dans les mêmes devoirs avec pratiquement la même rémunération et apparemment sans égard à l'intérêt public.

Le Ministre des Douanes a-t-il le pouvoir de faire cette nomination? Il a le droit de nommer un percepteur suppléant, mais n'est-il pas privé de son droit de nommer M. Farrow vu que le Gouverneur en conseil l'a rétraité?

Je demeure, Monsieur, votre obéissant serviteur,

J. FRASER, *A.G.*

Le secrétaire du conseil de la Trésorerie.

Aucune réponse à ces lettres n'a été reçue du conseil de la Trésorerie. J. F., *A.G.*

SIR,—You have increased the salary of I. Newsome, Brantford, from $1,250 to $1,325 from 1st July, 1916.

Please let me know on what authority this increase was given.

In reply I may state that, as Mr. Newsome had received a First Class Certificate at the Excise Promotion Examination held during the month of May, 1916, he was promoted, with increase of salary, under the provisions of Schedule "B", "*The Civil Service Amendment Act, 1910*" and Sections 19 and 26 of the Excise Regulations, as established by Order in Council of the 9th January, 1889, and embodied in Circular G. 180 (copy enclosed).

BUREAU DE L'AUDITEUR, 2 avril 1917.

MONSIEUR,—Vous avez augmenté le salaire de I. Newsome, de Brantford, de $1,250 à $1,325 du 1er juillet 1916.

S'il vous plaît me laisser savoir en vertu de quel droit cette augmentation a été accordée.

En réponse je dois dire que M. Newsome a obtenu un certificat de première classe à l'examen de promotion de l'accise tenu en mai 1916, qu'il a été promu, avec augmentation de salaire, en conformité avec la cédule "B" de la "Loi du service civil amendée, 1910", et sections 19 et 26 des règlements de l'accise tels qu'établis par ordre en conseil du 8 janvier 1889, et mentionnés dans la circulaire G. 180 (copie incluse).

AUDIT OFFICE, April 13, 1917.

SIR,—I have to acknowledge receipt of your letter of the 11th instant in reply to mine of the 5th instant *re* the promotion of Mr. I. Newsome, in which you enclose certain copies of Orders in Council.

These Orders in Council were passed providing regulations in connection with your outside officers, but I do not find any order promoting Mr. Newsome.

The Civil Service Act provides for promotion of your officers by Order in Council, but the Governor in Council cannot delegate these powers to the Minister of Inland Revenue.

All promotions must be made directly by the Governor in Council and an Order in Council overriding the Civil Service Act cannot be effective.

I have to request that you will obtain the necessary Orders in Council for any promotions you may have made under your regulations.

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Minister of Inland Revenue.

DEPARTMENT OF INLAND REVENUE.

OTTAWA, April 30, 1917.

DEAR SIR,—I have your letter of April 13, in reference to the promotion of Mr. I. Newsome, of this department, whose promotion was made without Order in Council, through the Excise Regulations of this department, which were passed under Orders in Council. You question our interpretation of the law, and you say that an Order in Council may not supersede the Civil Service Act, with which I fully agree.

We do not claim that the Excise Regulations passed by Council in 1889 may tend to supersede the Civil Service Act, but we claim that this Order in Council was passed in conformity with the Civil Service Act.

Of course, there is no intention whatever in the department to avoid going to Council when necessary, but it seems to me, on account of the time, labour, and delay involved, when the law or regulation does not require that a matter should be determined by Council, that it is useless to burden Council with matters which can be determined by the department.

In promoting Mr. Newsome we were directed by section 83, of the Civil Service Act, also by our Excise Regulations.

May I suggest that this matter be referred to the Department of Justice, not that it is of an extreme importance, but still it might be better that the interpretation should be definitely settled in this way, not especially on account of this matter, but in regard to others of a similar nature which may come up.

Yours, very truly,

J. U. VINCENT, *D.M.*

The Auditor General.

AUDIT OFFICE, May 3, 1917.

SIR,—I have to acknowledge receipt of your letter of 30th ultimo in reference to the promotion of Mr. I. Newsome.

I still hold that the Governor in Council cannot delegate the powers for promotion, given him by

BUREAU DE L'AUDITEUR, 13 avril 1917.

MONSIEUR,—J'accuse réception de votre lettre du 11 courant en réponse à la mienne du 5 du même mois, au sujet de la promotion de M. I. Newsome, dans laquelle vous avez inclus certaines copies d'arrêtés en Conseil.

Ces arrêtés en Conseil furent passés pour établir des règlements concernant vos officiers du service extérieur, mais je ne vois pas d'arrêté pour la promotion de M. Newsome.

La Loi du Service Civil pourvoit à la promotion de vos officiers par arrêté en Conseil, mais le gouverneur en Conseil ne peut transmettre ses pouvoirs au ministre du Revenu de l'Intérieur.

Toutes les promotions doivent être faites directement par le gouverneur en Conseil, et un arrêté en Conseil renversant la direction établie par la loi du Service Civil ne peut porter effet.

Je dois vous demander d'obtenir les arrêtés nécessaires pour toute promotion que vous pourrez faire en vertu de ces règlements.

Je demeure, monsieur, votre obéissant serviteur,

J. FRASER, *A.G.*

Au sous-ministre du Revenu
de l'Intérieur, Ottawa.

MINISTÈRE DU REVENU DE L'INTÉRIEUR,

OTTAWA, 30 avril 1917.

MONSIEUR,—J'ai reçu votre lettre du 13 au sujet de la promotion de M. I. Newsome de ce ministère, dont la promotion a été accordée sans arrêté en Conseil, en vertu des règlements concernant l'accise dans ce ministère, règlements qui ont été adoptés par arrêté en Conseil. Vous doutez de notre interprétation de la loi, et vous dites qu'un arrêté en Conseil ne peut remplacer la loi du Service civil, ce dont je conviens parfaitement.

Nous ne prétendons pas que les règlements concernant l'accise adoptés par arrêté en Conseil en 1889 peuvent remplacer la loi du Service civil, mais nous prétendons que cet arrêté en Conseil a été adopté conformément à cette loi du Service civil.

Certes, personne n'a l'intention dans ce ministère d'éviter d'aller devant le Conseil lorsque la chose est nécessaire, mais il me semble, qu'à cause du temps, de la somme de travail et de délai, lorsque la loi ou le règlement n'exigent pas qu'un sujet soit spécifiquement déterminé par le Conseil, il est inutile de surcharger le Conseil avec des sujets que ce ministère peut lui-même régler.

En accordant la promotion de M. I. Newsome, nous nous sommes guidés sur la section 83 de la loi du Service civil, ainsi que sur les règlements concernant l'accise.

Permettez-moi de suggérer que cette question soit soumise au ministère de la Justice, non parce qu'elle est d'une extrême importance par elle-même, mais parce qu'il serait mieux que l'interprétation des règlements soit fixée définitivement, non pas spécialement sur le sujet actuel, mais aussi pour les autres de nature semblable qui pourraient survenir.

Votre bien dévoué,

J. U. VINCENT,
Sous-ministre.

A l'Auditeur général.

BUREAU DE L'AUDITEUR, 3 mai 1917.

MONSIEUR,—J'accuse réception de votre lettre du 30 dernier au sujet de la promotion de M. I. Newsome.

Je maintiens encore que le gouverneur en Conseil ne peut transmettre ses pouvoirs concernant les

the Civil Service Act, to a Minister in charge of a department. The point at issue is an important one, and I agree with your suggestion that the opinion of the Department of Justice be obtained in the matter.

I shall be pleased if you will refer this matter to the Department of Justice for an opinion.

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Minister of Inland Revenue.

DEPARTMENT OF INLAND REVENUE,

OTTAWA, May 10, 1917.

DEAR MR. FRASER,—I beg to herein enclose a copy of a letter which I have to-day written to the Deputy Minister of Justice, asking for his ruling in this matter.

Yours very truly,

J. U. VINCENT, *D.M.*

The Auditor General.

DEPARTMENT OF INLAND REVENUE,

OTTAWA, May 9, 1917.

DEAR SIR,—At the Excise Promotion Examinations, held during the month of May, last year, Mr. I. Newsome, one of our officers at Brantford, obtained a first-class certificate. He was consequently promoted to this class, under the authority of section 83 of the Civil Service Act, Schedule "B" of the Civil Service Amendment Act of 1910, and sections 19 and 26 of the Excise Regulations, established by Order in Council, a copy of which regulations I beg to herein enclose.

The Auditor has questioned the legality of Mr. Newsome's promotion, and claims that the Order in Council above referred to, giving authority to the Minister to promote Excise Officers, cannot override the Civil Service Act, which, he states, requires, in all cases, an Order in Council to legalize the promotion of any officer.

The department claims that the Order in Council above referred to, giving authority to the Minister to sanction such promotion, has been passed in conformity with the Civil Service Act; that it was not intended to override said Act, but to supplement it in matters which are purely departmental, and left by the Civil Service Act to the internal administration of the Department.

In view of this diversity of opinion, I suggested to the Auditor that the matter should be submitted to the Justice Department, to which he very kindly assented.

There are a certain number of officers who have been promoted in this way, and the point raised is important in view of future promotions.

I will be thankful if you will let me have your opinion as soon as possible.

Yours very truly,

J. U. VINCENT, *D.M.*

The Deputy Minister of Justice.

JUSTICE DEPT., OTTAWA, May 14, 1917.

DEAR SIR,—Referring to your letter of the 9th instant, with regard to the promotion of Mr. I. Newsome, which I understand was made departpromotions, pouvoirs qu'il détient en vertu de la loi du Service civil, à un ministre en charge d'un ministère. La question débattue est importante, et j'accepte votre suggestion que nous devrions obtenir l'opinion du ministère de la Justice à ce sujet.

Je serais heureux si vous vouliez soumettre ce sujet au ministère de la Justice afin d'avoir une décision.

Je demeure, monsieur, votre obéissant serviteur,

J. FRASER, *A.G.*

Au sous-ministre du Revenu de l'Intérieur.

MINISTÈRE DU REVENU DE L'INTÉRIEUR,

OTTAWA, 10 mai 1917.

CHER MONSIEUR FRASER,—Je vous envoie ci-inclus copie d'une lettre que j'ai écrite au sous-ministre de la Justice demandant son opinion sur le sujet en question.

Votre bien dévoué,

J. U. VINCENT,
Sous-ministre.

A l'Auditeur général.

MINISTÈRE DU REVENU DE L'INTÉRIEUR, 9 mai 1917.

CHER MONSIEUR,—Lors des examens de promotion des employés de l'accise, tenu dans le cours du mois de mai de l'année dernière, M. I. Newsome, l'un des officiers de Brantford, a obtenu un certificat de première classe. En conséquence, il a été promu à cette classe en vertu de la section 83 de la loi du Service civil, annexe "B" des amendements de 1910, et des sections 19 et 26 des règlements concernant l'accise établis par arrêté en conseil et dont vous trouverez un copie ci-incluse.

L'auditeur a mis en doute la légalité de la promotion de M. Newsome, et prétend que l'arrêté en conseil mentionné ci-dessus et donnant au ministre le pouvoir d'accorder une promotion aux officiers, ne peut primer la loi du Service civil qui, prétend-il, exige, dans chaque cas un arrêté en conseil pour, légaliser la promotion de tout officier.

Le ministère prétend que l'arrêté en conseil ci-dessus mentionné et donnant au ministre le pouvoir d'accorder une promotion à des officiers, a été passé en conformité avec la loi du Service civil; qu'il n'a pas l'intention de mettre cette loi de côté, mais de la compléter sur des sujets qui concernent exclusivement les ministères, et qui sont laissés par le Service civil à l'administration interne du ministère.

A cause de cette diversité d'opinions, j'ai suggéré à l'auditeur de vous soumettre cette question, suggestion qu'il a acceptée bien volontiers.

Il y a un certain nombre d'officiers qui ont été promus de cette manière, et la question soulevée est importante pour les promotions futures.

Je vous serais reconnaissant si vous vouliez me faire connaître votre opinion dans le plus court délai.

Votre bien dévoué,

J. U. VINCENT,
Sous-ministre.

Au sous-ministre de la Justice.

MINISTÈRE DE LA JUSTICE, 14 mai 1917.

CHER MONSIEUR,—Au sujet de votre lettre du 9 courant, concernant la promotion de M. I. Newsome, promotion qui, je crois, a été faite par le ministère,

mentally, although involving an increase of salary, it has, I think always been usual in practice to promote by Order in Council, and an Order in Council is certainly required in such a case as this, in view of section 85 of the Civil Service Act, which provides that no officer, clerk, or employee shall receive any increase of salary except by Order in Council passed on the report of the Deputy Head, concurred in by the Head of the Department, stating that the officer, clerk or employee is deserving.

Yours very truly,

E. L. NEWCOMBE, *D.M.*

The Deputy Minister of Inland Revenue.

bien que comportant une augmentation de salaire, je dois dire qu'il a toujours été d'usage d'accorder les promotions par arrêté en Conseil, et un arrêté est certainement requis dans le cas actuel, d'après la section 85 de la loi du Service civil qui décrète qu'aucun officier, commis ou employé ne recevra une augmentation d'appointements ou salaire si ce n'est par arrêté en Conseil adopté à la demande du sous-ministre, recommandée par le ministre et sur rapport disant que cet officier, commis ou employé mérite cette augmentation.

Votre bien dévoué,

E. L. NEWCOMBE,
Sous-ministre de la Justice.

Payment of Legal Expense Accounts by Government.

Paiement de comptes pour frais judiciaires par le Gouvernement.

AUDIT OFFICE, November 9, 1916.

SIR,—In the Adulteration of Food accounts for 1915-16, I find two items for legal expenses that have not been taxed by the Justice Department, but are signed by the Clerk of the Court.

Mr. Jean Gosselin, Quebec, $45.10, Cheque No. 3555.

Mr. Henri Bernier, Quebec, $49.45, Cheque No. 3556.

There is nothing to show that these sums were specified in the order of dismissal as required by section 737 of the Ciminal Code, and even if they were so specified, I doubt whether the Magistrate had power to order the Crown to pay a fee to the lawyer for the defence. One of the conditions under which Mr. Gosselin and Mr. Bernier were employed by your department is that their accounts should be subject to taxation by the Deputy Minister of Justice. In any case it would seem that the charges of $20 to cover the fee of the lawyer for the defence is not a proper charge against the Government, and the Clerk of the Court appears to have been in error in including them in the statement of costs. In none of the other food accounts for that year have such claims been paid by your department. Please obtain refunds.

I am, sir, your obedient servant,

E. D. SUTHERLAND, *for A.G.*

The Deputy Minister of Inland Revenue.

DEPARTMENT OF INLAND REVENUE,

OTTAWA, December 6, 1916.

DEAR SIR,—I refer to previous correspondence *re* taxed accounts of Messrs. H. Bernier and J. Gosselin, lawyers of Quebec, and beg to enclose herewith copies of communication exchanged between myself and the clerk of the Magistrate Court in Quebec, on the above-mentioned subject which I believe will be satisfactory.

I am enclosing the receipted accounts that you forwarded to the department.

Yours very truly,

C. L. CATELLIER,
Secretary.

The Auditor General.

BUREAU DE L'AUDITEUR, 9 novembre 1916.

MONSIEUR,—Dans les comptes du service contre la falsification des produits alimentaires pour 1915-16, je trouve deux notes pour frais judiciaires qui n'ont pas été taxés par le ministère de la Justice, mais qui sont signés par le greffier de la cour.

M. Jean Gosselin, Québec, $45.10; Chèque n° 3555.

M. Henri Bernier, Québec, $49.45; Chèque n° 3556.

Il n'y a rien pour montrer que ces sommes sont spécifiées dans le renvoi de la plainte tel que requis par la section 737 du code criminel, et même si elles étaient spécifiées, je ne sais pas si le magistrat a le pouvoir d'ordonner à la Couronne de payer un honoraire au procureur de la défense. L'une des conditions suivant lesquelles MM. Gosselin et Bernier ont été employés par votre ministère est que ces comptes seraient taxés par le ministère de la Justice. Dans tous les cas, il semble que le montant de $20 comme honoraire du procureur de la défense ne devrait pas être porté au compte du gouvernement, et le greffier de la cour paraît avoir fait erreur en l'incluant dans le mémoire des frais. Dans aucun des autres comptes de frais pour cette année, nous avons eu de semblables réclamations payées par votre ministère. Veuillez réclamer remboursements.

Je demeure, monsieur, votre obéissant serviteur,

E. D. SUTHERLAND,
Pour l'Auditeur général.

MINISTÈRE DU REVENU DE L'INTÉRIEUR,

OTTAWA, 6 décembre 1916.

CHER MONSIEUR,—Au sujet de notre correspondance concernant les comptes de MM. H. Bernier et J. Gosselin, avocats de Québec, je vous envoie ci-inclus copies de lettres échangées entre moi-même et le greffier de la cour de Magistrat de Québec à ce sujet, et j'espère que vous trouverez les explications satisfaisantes.

J'envoie aussi les comptes acquittés que vous aviez transmis à ce ministère.

Votre bien dévoué,

C. L. CATELLIER,
Secrétaire.

A l'Auditeur général.

QUEBEC, November 15, 1916.

DEAR SIR,—Answering to your letter of the 10th instant (No. 110709) I beg to say that, in allowing a fee of $20 to the defendant's counsel in the statement of costs, copy of which you sent with your letter, I was governed by instructions delivered to me by Mr Henri Bernier, lawyer, in the form of a printed sheet to be used in connection with the preparation of said statement of costs and containing instructions to agents issued by the Department of Justice, instructions that you may readily find in the Department at Ottawa. These instructions bear the date of August 1913. A fee of $20 is therein allowed to the solicitor in cases where the defendants oppose the charge.

Now, in the customary scale of costs in the Police Court, to the defendant's counsel is allowed the same fee as to the plaintiff's solicitor. I therefore thought it fair to allow the same fee to both counsels.

I had however in my mind that, according to the section 9 of aforesaid instructions, the statement of costs would be revised before being paid by the Deputy Minister of Justice.

On the other hand, I feel that these proceedings were lodged on the behalf of the Crown, but it seems to me that the magistrate, in the order of dismissal with costs, did not leave to me any other alternative, and that I was bound to include in the statement the fees of both counsels. Thus, the magistrate, when delivering an award, never determines the amount of costs, though he is probably obliged to do so according to section 137 of the Criminal Code, and the costs awarded are always subsequently determined by the Clerk under the customary scales.

At all events, I beg you to believe that I made this statement of costs in a very honest manner, and if I can help you to correct any other error, I will be glad to do so.

Yours very truly,

CHS. GENDRON,
Deputy Clerk of the Peace.

Secretary, Dept. of Inland Revenue.

DEPT. OF INLAND REVENUE, Dec. 2, 1916.

DEAR MR. GENDRON,—I have to acknowledge receipt of your letter of the 15th ultimo with regard to the statement of costs in a case, J. E. Audet v. Oscar Cote, and I have carefully noted your remarks therein given.

Please allow me a further question: Whenever the magistrate dismisses a prosecution with costs, do you include in the statement of costs the fee of the defendant's counsel?

Please answer by returning mail and oblige,

Yours very truly,

C. L. CATELLIER,
Secretary.

Deputy Clerk of the Peace, Quebec.

QUEBEC, Dec. 5, 1916.

DEAR SIR, As an answer to your letter (110709) dated of the 2nd instant, I beg to say that whenever the magistrate dismisses a prosecution with costs, we invariably include in the statement of costs the fee of the defendant's counsel, even in cases lodged

QUÉBEC, 15 novembre 1916.

CHER MONSIEUR,—En réponse à la vôtre du 10 novembre courant, (N° 110709), je dois vous dire que je me suis basé, pour donner un honoraire de $20 au procureur de la défense dans ces mémoires de frais dont vous incluez copies, sur les instructions de monsieur l'avôcat Henri Bernier qui nous a remis, pour le besoin de la taxation des dits mémoires de frais, une feuille imprimée contenant des instructions aux agents du département de la Justice dont vous pourrez facilement prendre connaissance à Ottawa. Ces instructions sont en date du mois d'août 1913. Il est accordé là un honoraire de $20 au procureur dans le cas où il y a défense.

Maintenant, dans les différents tarifs de la cour de Police, le même honoraire est accordé au procureur de la plainte comme au procureur de la défense. J'ai donc cru juste, ici, de donner le même honoraire à tous les procureurs.

J'avais cependant lieu de croire que suivant le paragraphe 9 des instructions que je vous ai citées, le mémoire serait revisé avant d'être payé par le député ministre de la Justice.

D'autre part je comprends qu'il s'agissait là de causes du gouvernement, mais il me semble que le juge, en renvoyant les plaintes avec dépens, ne me laissait pas de choix et que je devais mentionner dans le mémoire les honoraires des procureurs des deux côtés. Aussi, le juge, en rendant jugement ne spécifie jamais le montant des frais, comme le voudrait peut-être l'article 137 du code criminel, et les frais qu'il accorde sont toujours à être déterminés subséquemment par le greffier suivant les tarifs en usage.

A tout évènement, veuillez croire que j'ai agi avec la meilleure bonne foi du monde, et si je puis vous aider autrement à réparer quelque erreur, vous me trouverez toujours bien disposé à le faire.

CHER MONSIEUR GENDRON,—J'ai la vôtre du 15 dernier au sujet de la taxe du mémoire dans une cause de J. E. Audet vs Oscar Côté, et prends bonne note des explications que vous y donnez.

Une seule autre question: Lorsque le magistrat renvoie une cause avec dépens, taxez-vous dans le mémoire les honoraires de l'avocat de la défense?

Votre réponse, par le retour du courrier, m'obligera infiniment.

QUÉBEC, 5 décembre 1916.

CHER MONSIEUR,—En réponse à la vôtre (110709) en date du 2 du courant, je dois vous dire que lorsque le magistrat renvoie une cause avec dépens, nous taxons toujours invariablement dans le mémoire de frais les honoraires de l'avocat de la défense, même dans les causes du Roi. Seulement, j'ajouterai que dans ces causes où la Couronne se substitue au plaignant, c'est celui-là même qui a fait la plainte qui est appelé à payer ces frais.

JUSTICE DEPT., February 12, 1917.

SIR,—Referring to your file No. 110709 with regard to counsel fees allowed to defendant's solicitors on the dismissal of prosecutions under Part XV of the Criminal Code, for offences created by the Adulteration Act, in the cases of J. E. Audet v. T. Dumas and J. E. Audet v. Oscar Cote, I have the honour to say that I have been asked by the Auditor General's Department to advise if these fees were legally allowed against the Crown. I observe that Mr. Gendron, Deputy Clerk of the Peace, Quebec, where the prosecutions were held, styles the causes as above stated, but I apprehend we may properly assume that although Mr. Audet exhibited the informations in his own name, they were lodged and prosecuted by order of your department, and therefore that the proceedings were taken on behalf of the Crown. Moreover, the papers do not show what offences were charged against these defendants, but I have taken it for granted that they will be found to fall within those mentioned in section 46 of the Adulteration Act. Upon the basis of these assumptions I am of the opinion that where prosecutions are commenced and prosecuted on behalf of the Crown for offence under the Adulteration Act the Crown is not liable to pay costs, and further that by section 47 of the said Act a private prosecutor, in cases instituted with respect to any of the offences mentioned in section 46, is only personally liable to pay costs if it be found that

BUREAU DE L'AUDITEUR, 12 décembre 1916.

MONSIEUR,—Je vous envoie ci-inclus toute la liasse de lettres échangées entre le ministère du Revenu de l'Intérieur et ce bureau au sujet des frais judiciaires de MM. Bernier et Gosselin.

Veuillez me dire si la prétention du ministère est correcte—savoir si les honoraires des procureurs de la défense doivent être imputés au gouvernement.

Je demeure, monsieur, votre obéissant serviteur,

E. D. SUTHERLAND,
pour l'Auditeur général.

MINISTÈRE DE LA JUSTICE, 12 février 1917.

MONSIEUR,—Au sujet de la lettre de M. Sutherland du 12 décembre dernier pour savoir si la couronne est légalement tenue de payer les honoraires dans le cas de renvoi de plainte portée en vertu de la partie XV du code criminel pour offenses prévues par la loi contre la Falsification des aliments, dans le cas actuel, le renvoi des plaintes Audet vs Dumas et Audet vs Côté, j'ai l'honneur de vous envoyer copie de mon opinion expédiée aujourd'hui même au secrétaire du ministère du Revenu de l'Intérieur.

La liasse de correspondances est retournée ci-incluse.

J'ai l'honneur d'être, monsieur,
Votre obéissant serviteur,

E. L. NEWCOMBE,
Sous-ministre de la Justice.

A l'Auditeur général.

MINISTÈRE DE LA JUSTICE, 12 février 1917.

MONSIEUR,—Au sujet de la liasse n° 110709 concernant les honoraires alloués aux procureurs de la défense dans le cas de renvois de plaintes suivant la partie XV du code criminel pour offenses prévues par la loi contre la Falsification des aliments, dans le cas actuel, le renvoi des plaintes de J. E. Audet vs T. Dumas et J. E. Audet vs Oscar Côté, j'ai l'honneur de vous dire que le département de l'Auditeur général m'a demandé mon avis sur la légalité de ces paiements imposés à la Couronne. Je remarque que M. Gendron, sous-greffier de la Paix à Québec, où les procès ont eu lieu, classe les causes comme ci-dessus, mais je crois que nous pouvons plausiblement supposer que malgré que M. Audet ait produit les plaintes en son propre nom, elles le furent d'après l'ordre du gouvernement et les procès ont été conduits de même, et par conséquent les procédures ont été prises pour l'avantage de la Couronne. De plus, le dossier ne dit pas quelles offenses sont alléguées contre les défendeurs, mais je prends pour acquit qu'elles se trouvent à tomber parmi celles énumérées dans la section 46 contre la loi des Falsifications alimentaires. En supposant que cela soit vrai, je suis d'opinion que ces poursuites ont été prises et continuées pour la Couronne dans le but de réprimer des offenses contre la loi des Falsifications alimentaires, et que la Couronne n'est pas responsable des frais, et de plus, je crois que d'après la clause 47 de la dite loi lorsqu'une personne en particulier est demanderesse dans des causes instituées pour quelqu'une des offenses qui tombent sous la clause 46, cette personne est responsable des frais seulement

the proceedings have been instituted without reasonable and probable cause.

It seems clear that there is no way now of having the order of dismissal set aside, and payment having been made of the items of cost in question, I do not think there is any way legally to obtain refunds. I think, however, that you should write Mr. Gendron to bring to the attention of the magistrate who tried these cases the effect of my views as expressed above.

Referring to Mr. Gendron's letter of 15th November last, I think it also well to advise him that our departmental instructions to agents have no application with regard to fixing a scale of costs to be allowed on dismissal of prosecutions under Part XV of the Code, whether instituted at the instance of the Crown or a private prosecutor.

I also observe from Mr. Gendron's letter of 15th November that it is not customary for the magistrate to determine the amount of costs or to have same specified in the order of dismissal as provided by section 737 of the Code This being the case I do not see how it can ever be said that such costs are allowed under section 736 "as to the said justice seem reasonable and consistent with law." In my opinion the statute clearly requires that a justice should not only determine the amount of the costs but should also be particular to see that the amount of same is specified in the order of dismissal.

There is a further reason which in my opinion operates to bar the right to award counsel fees as costs to defendants on dismissal of prosecutions under said Part XV, viz: that section 770 of the Code and the tariff therewith make no provision for allowing costs of this kind. I think this should also be called to the attention of the magistrate.

Although I have suggested that you should bring to the attention of the magistrate that where prosecutions are commenced and prosecuted on behalf of the Crown for offences under the Adulteration Act the Crown is not liable to pay costs in any case, I may say that if costs should be allowed against the Crown on the dismissal of a prosecution under said Part XV for an offence under the Adulteration Act which does not fall within those specified in section 46, I would like to consider further whether section 132 of the Inland Revenue Act and section 49 of the Adulteration Act should be deemed to make the Crown liable to pay costs in a case of this kind.

I am, sir, your obedient servant,

E. L. NEWCOMBE, *D.M.*

Secretary, Inland Revenue Department.

si l'on trouve que les procédures ont été prises sans cause raisonnable et probable.

Il semble clair qu'il n'y a pas moyen maintenant de faire mettre de côté le renvoi des plaintes, et le paiement ayant été fait pour couvrir les item en question, je ne pense pas que l'on puisse légalement exiger remboursement. Je crois, cependant, que vous devriez écrire à M. Gendron pour attirer l'attention du magistrat qui a jugé ces causes sur l'opinion exprimée ci-haut.

A propos de la lettre de M. Gendron du 15 novembre dernier, je pense qu'il serait bien aussi de lui dire que les instructions des ministères aux agents ne peuvent s'appliquer dans le cas de l'échelle des frais payables sur le renvoi de plaintes faites en vertu de la partie XV du code, qu'elles soient faites par la Couronne ou par un particulier.

Je remarque aussi dans la lettre de M. Gendron du 15 novembre dernier que le magistrat n'a pas l'habitude de déterminer le montant des frais, ni de les spécifier dans le renvoi de la plainte tel que voulu par la clause 737 du code. Dans ce cas, je ne puis comprendre comment on peut dire que ces frais sont exigés en vertu de la clause 736 "suivant ce que le dit juge croit raisonnable et conforme à la loi". Dans mon opinion, le statut exige clairement que le juge détermine non seulement le montant des frais, mais il doit aussi faire attention pour que le montant soit spécifié dans le renvoi.

Il y a encore une autre raison qui, dans mon opinion, interdit le paiement des honoraires des procureurs comme frais recouvrables par les défendeurs dans le cas de plaintes produites en vertu de la partie XV sus-dite, savoir: la clause 770 du code et le tarif y attaché ne parle pas de frais comme ceux-là. Je crois qu'il faudrait aussi attirer l'attention du magistrat sur ce point.

Malgré ma suggestion que vous devriez attirer l'attention du magistrat sur le fait que lorsque les poursuites sont commencées et continuées pour le compte de la Couronne en raison d'offenses contre la loi des Falsifications alimentaires, la Couronne n'est pas sujette au paiement des frais dans aucun cas, je dois dire que si les frais sont imputables à la Couronne dans le renvoi d'une poursuite faite d'après la partie XV pour une offense contre la loi de Falsification alimentaire qui ne se trouve pas parmi les offenses spécifiées dans la clause 46, j'aimerais à considérer de plus si la clause 132 de la loi du Revenu de l'Intérieur et la clause 49 de la loi des Falsifications alimentaires doivent être interprétées de manière à rendre la Couronne responsable des frais dans des cas de ce genre.

Je demeure, monsieur, votre obéissant serviteur,

E. L. NEWCOMBE,
Sous-ministre de la Justice.

Increases of salary granted without Parliamentary authority. Augmentation de salaire accordée sans l'autorité du parlement.

AUDIT OFFICE, December 15th, 1917.

SIR,—Charles Vezina was appointed under your Department as an Excise Officer at Quebec on the 1st of August, 1916, at $600. One month later he was granted an increase of $200 per year. On the 1st of April last his salary was again raised by Order in Council to $900, and by Order in Council of the 2nd ultimo it was further increased to $1,000 to date back to April 1st.

The first two salaries were given in accordance with the regulations of your Department. Under

BUREAU DE L'AUDITEUR, 15 décembre 1917.

MONSIEUR,—Charles Vézina a été nommé par votre ministère officier d'accise à Québec le premier août 1916 à $600 par année. Un mois plus tard on lui a accordé une augmentation de $200 par année. Le premier avril dernier, son salaire a été encore élevé par décret de l'Exécutif à $900, et par un autre décret du 2 dernier, il a été encore augmenté à $1,000 à compter du premier avril.

Les deux premiers salaires ont été donnés conformément aux règlements de votre ministère. Sur

As similar increases have been given to a number of your employees I would suggest that payment of these increases be withheld until it can be definitely settled that there was proper Parliamentary authority therefor.

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Minister of Inland Revenue.

AUDIT OFFICE, December 28th, 1917.

SIR,—I have received no reply to my letter of the 15th inst. in reference to the increases of salary granted to Charles Vezina and others.

Please send me the information asked for as soon as possible. All I required was the authority under which these increases were given.

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Minister of Inland Revenue.

DEPARTMENT OF INLAND REVENUE,
OTTAWA, December 29th, 1917.

DEAR SIR,—I beg to acknowledge receipt of your letter of December 28th, in which you ask for an immediate answer to your letter of the 15th, concerning increase of salary granted to one Charles Vezina and other excisemen in this Department.

I beg to apologize for not answering your letter before, but as I did not understand exactly where your difficulty was, I had intended to see you personally before answering your letter.

Unfortunately, my time was so fully taken up, that I have not been able to ask you for an appointment during office hours.

The Civil Service Amendment Act of 1910, Chapter 8, sub-section 9, fixes the minimum and maximum salaries of the 1st, 2nd and 3rd class excisemen from $700 to $1,500.

The classification of these officers is dealt with by an Order-in-Council passed in 1889, and amended by Order-in-Council, 25th of May, 1910, and known in the Department as Regulations No. 180, or G. 180. Under these regulations the salary of all third class officers increases by annual increments of $100 each, up to $1,000. This maximum has recently been increased by Order-in-Council to $1,100.

As the regulations classifying these officers are, themselves, based upon an Order-in-Council, the Department naturally came to the conclusion that an Order-in-Council was sufficient to suspend the normal functions of Order-in-Council, G-180; therefore, the increase given to Charles Vezina and others, was made under the authority of the two Orders-in-Council referred to in your letter, which practically superseded Order-in-Council G. 180.

The reason of these increases in salary to our officers receiving only a small remuneration is obvious in these times of stress and increase in price of all human needs.

Even at $1,000 only a year, a man to-day with a family, barely avoids starvation.

quelle autorité sont basées les deux dernières augmentations données.

Vu que des augmentations semblables ont été accordées à plusieurs de vos employés, je suggérerais que le paiement de ces augmentations soit arrêté jusqu'à ce que le tout soit réglé par le parlement.

Je demeure, Monsieur, votre obéissant serviteur,

J. FRASER, *A.G.*

Au sous-ministre du Revenu de l'Intérieur.

BUREAU DE L'AUDITEUR, 28 décembre 1917.

MONSIEUR,—Je n'ai pas reçu de réponse à ma lettre du 15 courant au sujet des augmentations de salaire accordées à M. Charles Vézina et autres.

Veuillez me donner les renseignements demandés aussitôt que possible. Tout ce que je demande c'est de connaître l'autorité qui a servi à déterminer les augmentations accordées.

Je demeure, Monsieur, votre obéissant serviteur,

J. FRASER, *A.G.*

Au sous-ministre du Revenu de l'Intérieur.

MINISTÈRE DU REVENU DE L'INTÉRIEUR,
OTTAWA, 29 décembre 1917.

CHER MONSIEUR,—J'ai l'honneur d'accuser réception de votre honorée du 28 décembre dans laquelle vous demandez une réponse immédiate à votre lettre du 15, concernant l'augmentation de salaire accordée à M. Charles Vézina et autres officiers d'accise dans ce ministère.

Veuillez me pardonner de n'avoir pas répondu plus tôt à votre lettre, mais comme je ne comprenais pas exactement le point en litige, j'avais l'intention de vous voir personnellement avant de répondre.

Malheureusement, mon temps a été si pleinement rempli que je n'ai pu vous demander une entrevue pendant les heures de bureau.

L'amendement 1910 à la loi du Service civil, chap. 8, paragraphe 9, fixe le minimum et le maximum des appointements des officiers d'accise pour les 1ère, 2e et 3e classes, à $700 et $1,500 respectivement.

La classification de ces officiers est réglée par un décret de l'Exécutif passé en 1889, amendé par un autre décret du 25 mai 1910, et connu dans le ministère sous le nom de règlement n° 180 ou G. 180. D'après ce règlement, le salaire de tout officier de troisième classe peut être augmenté de $100 jusqu'à concurrence de $1,000. Ce maximum a été récemment porté à $1,100 par un décret de l'Exécutif.

Vu que les règlements classifiant ces officiers sont basés sur un décret de l'Exécutif, le ministère est venu naturellement à la conclusion qu'un décret de l'Exécutif était suffisant pour suspendre l'effet du règlement G. 180; c'est pourquoi l'augmentation accordée à M. Charles Vézina et aux autres ont été déterminées par les deux décrets mentionnés dans votre lettre, décrets qui renversent pratiquement le règlement G. 180.

La raison de ces augmentations de salaires à nos officiers qui ne reçoivent qu'une faible rémunération est claire dans ces temps de détresse et d'augmentation de toutes les nécessités de la vie.

Même avec $1,000 par année, aujourd'hui, un père de famille peut à peine éviter de mourir de faim.

The whole subject had been discussed with the Department of Finance, before a supplementary estimate was asked for, for the purpose of meeting these increases.

I will be glad to take up this matter with you again, if this explanation is not satisfactory.

Yours very truly,

J. U. VINCENT, *D.M.*

The Auditor General.

AUDIT OFFICE, January 4th, 1918.

DEAR SIR,—I am in receipt of your letter of the 29th ultimo in reference to the increases of salary granted to Charles Vezina and other Excisemen.

You state that "under these regulations the salary of all 3rd Class Officers increases by annual increments of $100 each up to $1,000. This maximum has recently been increased by Order in Council to $1,100."

But in Mr. Vezina's case and others they received increases greater than $100 and they received them before they had served one year, two violations of the Order in Council quoted by you as your authority.

The Parliamentary vote to meet these increases did not provide that any of the existing regulations governing such increases should be dispensed with.

As suggested in my previous letter I have to request that payment of these increases be withheld until there is proper Parliamentary authority therefor.

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Minister of Inland Revenue.

Toute la question a été discutée avec le ministère des Finances avant de présenter les estimés supplémentaires dans l'intention de couvrir ces augmentations.

Je serai heureux de revoir cette question si les explications données ne peuvent vous satisfaire.

Votre bien dévoué,

J. U. VINCENT,
Sous-ministre.

A l'Auditeur général.

BUREAU DE L'AUDITEUR, 4 janvier 1918.

CHER MONSIEUR,—J'accuse réception de votre lettre du 29 dernier concernant les augmentations de salaire accordées à M. Charles Vézina et autres officiers d'accise.

Vous dites qu'en vertu de «ces règlements, le salaire de tous les officiers de 3e classe augmente de $100 par année jusqu'à $1,000. Ce maximum a été récemment porté à $1,100 par un décret de l'Exécutif».

Mais dans le cas de M. Vézina et autres, ils ont reçu des augmentations plus fortes que $100, et cela avant d'avoir été un an dans le service, deux choses qui constituent violation des décrets cités par vous comme une autorisation.

Comme je l'ai suggéré dans une lettre antérieure, je vous demande que le paiement de ces augmentations soit arrêté jusqu'à ce que le parlement ait accepté le tout.

Je demeure, Monsieur, votre obéissant serviteur,

J. FRASER, *A.G.*

Over payment of $1,236.50 to Rocmac Manufacturing Co.
Surpaiement de $1,236.50 à la Rocmac Manufacturing Co.

AUDIT OFFICE, OTTAWA, April 20, 1917.

SIR,—In the fiscal year 1913-14 an overpayment of $1,236.50 was made to the Rocmac Manufacturing Co., of Thorold, in connection with the purchase of Rocmac for use on the roads of the Rocky Mountains Park at Banff.

On inquiry at the Parks Branch of your Department I learn that while this company has been communicated with several times in connection with this overpayment, no settlement has yet been made, nor has any definite promise of a settlement been made.

As this matter is of so long standing I think that drastic steps should be taken to bring about an immediate settlement on the part of this company, which, I understand, is still in existence.

I am, sir, your obediant servant,

J. FRASER, *A.G.*

The Deputy Minister of the Interior.

BUREAU DE L'AUDITEUR GÉNÉRAL, 20 avril 1917.

MONSIEUR,—Durant l'année fiscale de 1913-14 un paiement de $1,236.50 a été fait à la Rocmac Manufacturing Co. de Thorold, en rapport avec l'achat de «rocmac» pour les chemins du parc des Montagnes Rocheuses à Banff.

Par information à la division des parcs de votre ministère j'ai appris que, bien qu'il ait été demandé à plusieurs reprises à cette compagnie de justifier ce surpaiement, aucun règlement ni aucune promesse définitive de régler n'a été faite. Vu que cette affaire dure depuis si longtemps je crois que des mesures énergiques doivent être prises pour amener un règlement immédiat par cette compagnie que je crois exister encore.

Je demeure, monsieur, votre obéissant serviteur,

J. FRASER, *A.G.*

Au sous-ministre de l'Intérieur.

AUDIT OFFICE, November 2, 1917.

SIR,—On April 20 last I wrote you with regard to an overpayment of $1,236.50 made to the Rocmac Manufacturing Co., of Thorold, in connection with the purchase of Rocmac for use on the roads of the Rocky Mountains Park at Banff.

Please let me know what steps have been taken to recover this money. If no action has been taken I shall be obliged to report the matter to the Treasury Board.

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Minister of the Interior.

BUREAU DE L'AUDITEUR GÉNÉRAL, 2 nov. 1917.

MONSIEUR,—Le 20 avril dernier je vous écrivais au sujet d'un surpaiement de $1,236.50 fait à la Rocmac Mfg. Co. de Thorold, en rapport à l'achat de rocmac pour les chemins du parc des Montagnes Rocheuses à Banff.

S'il vous plaît me laisser savoir ce qui a été fait pour le recouvrement de cet argent. Si aucune mesure n'a été prise je serai forcé de faire rapport au bureau du Trésor.

Je demeure, monsieur, votre obéissant serviteur,

J. FRASER, *A.G.*

Au sous-ministre de l'Intérieur.

Payment for Board of family of Superintendent of Rocky Mountains Park.
Paiement de pension pour la famille du surintendant du parc des Montagnes Rocheuses.

AUDIT OFFICE, OTTAWA, April 11, 1917.

SIR,—On April 9, 1914, I wrote you in connection with charges made by S. J. Clarke, Superintendent of Rocky Mountains Park, for board of himself and family at the Sanitarium Hotel, Banff, in April and May, 1913.

In your reply you stated that on account of the Superintendent's house not being available on Mr. Clarke's arrival, it was decided by the Minister to allow Mr. Clarke's personal expenses, and further that you were calling on Mr. Clarke for a refund of the amount paid for board of Mrs. Clarke, son and servant.

I should like to know if these charges, which amounted to $47.75, were refunded by Mr. Clarke,

BUREAU DE L'AUDITEUR, OTTAWA, 11 avril 1917.

MONSIEUR,—Le 9 avril 1914 je vous écrivais au sujet des choses faites par S. I. Clarke, surintendant du parc des Montagnes Rocheuses, pour sa pension et celle de sa famille à l'hôtel Sanitarium de Banff en avril et mai 1913.

Dans votre réponse vous dites que la maison du surintendant n'étant pas prête à l'arrivée de M. Clarke, qu'il a été décidé par le Ministre d'accorder à M. Clarke ses frais personnels, et plus tard vous avez requis M. Clarke de rembourser le montant payé pour pension de Mme Clarke, son fils et son domestique.

Je désirerais savoir si ces charges au montant de $47.75 ont été remboursées par M. Clarke, ne

as I find no trace of such a refund having been credited to the Appropriation or included in the Casual Revenue statements.

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Minister of the Interior.

INTERIOR DEPT., April 23, 1917.

SIR,—I beg to acknowledge the receipt of your letter of the 11th inst., relative to the charges made by S. J. Clarke, Superintendent of Rocky Mountains Park for board for himself and family at the Sanitarium Hotel, Banff, in April and May, 1913. We are writing Mr. Clarke on this matter, and will let you know as soon as his reply is received.

Yours very truly,

W. W. CORY, *D.M.I.*

SIR,—In the statement of Acre Scrip outstanding published in my annual report, the balance shown on account of South African Volunteers is 117,280 acres.

Please let me know if there is now any liability on this account and if the same may be eliminated in the future.

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Minister of the Interior, Ottawa.

OTTAWA, January 31, 1917.

DEAR MR. FRASER,—I beg to acknowledge the receipt of your letter of the 26th instant, respecting the outstanding balance of South African Volunteer Bounty Land Scrip, and in reply to report that the time within which these certificates could be located upon land expired on the 31st October 1913, and the time within which they could have been redeemed for $500 each expired on the 31st December ,1914. Since 1913, therefore, there has been no liability on account of land in connection with these certificates,and the outstanding balance which you mention might be eliminated as suggested.

Yours very truly,

J. A. COTÉ, *A.D.M.*

John Fraser, Esq., Auditor General,

OTTAWA, January 26, 1917.

SIR,—I have a copy of a letter written by the Chief Controller of Chinese Immigration, dated July 15, 1916, addressed to the Honourable the Provincial Treasurer of British Columbia with reference to the Chinese Immigration transactions for 1915-16. In it the following facts are set forth, viz:—

> For the fiscal year 1915-16 the British Columbia head-tax collections were $5,000, cost of administration $31,079.90, leaving a net expenditure of $26,079.90. It was found necessary to make refunds to the extent of $47,000 making a total expenditure of $73,079.90 one-half of which has been charged to the Province of British Columbia, viz, $36,539.95.

The Honourable Provincial Treasurer was asked to remit this amount to the Receiver General of Canada.

I do not find that this amount has come to account. If it is still unsettled I should be pleased to know what further action has been taken in the matter.

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Minister of the Interior.

26 janvier 1917.

MONSIEUR,—Dans l'état de compte des terres disponibles payables par certificats, publié dans mon rapport annuel, le solde au crédit des Volontaires du Sud-Africain est de 117,280 acres.

Veuillez me dire s'il y a encore quelque obligation au débit de ce compte et s'il peut être biffé du rapport à l'avenir.

Je demeure, monsieur, votre obéissant serviteur,

J. FRASER, *A.G.*

Au sous-ministre de l'intérieur, Ottawa.

OTTAWA, 31 janvier 1917.

CHER MONSIEUR FRASER,—J'accuse réception de votre lettre du 26 courant concernant le solde de terres au crédit des Volontaires du Sud-Africain. En réponse, je vous fais rapport que la période de temps pendant laquelle ces certificats pouvaient être appliqués à des terres est terminée au 31 octobre 1913, et le temps accordé pour le rachat contre une somme de $500 chacun est expiré au 31 décembre 1914. En conséquence, depuis 1913, il n'y a pas d'obligation affectant ce compte de terres payables par certificats, et le solde disponible que vous mentionnez peut être biffé tel que suggéré.

Votre bien déboué,

J. A. COTÉ,
Sous-ministre suppléant.

John Fraser, Ecr, Auditeur général, Ottawa.

OTTAWA, 26 janvier 1917.

MONSIEUR,—J'ai une copie d'une lettre écrite par le contrôleur en chef de l'Immigration chinoise en date du 15 juillet 1916, adressée à l'honorable trésorier provincial de la Colombie-Britannique, concernant les affaires de l'Immigration des Chinois en 1915-16. Cette lettre parle des faits suivants, savoir:—

> "Pendant l'année fiscale 1915-16, la perception de la tax *per capita* en Colombie-Britannique a produit $5,000, le coût de l'administration a été de $31,079.90, laissant un déficit net de $26,079.90. De plus, il a été nécessaire de faire des remboursements pour une somme totale de $47,000, qui, ajoutée au déficit donne un total de $73,079.90, dont la moitié a été portée au débit de la Colombie-Britannique, savoir, $36,539.95.

L'honorable Trésorier provincial a reçu avis de remettre ce montant au Receveur général du Canada.

Je ne puis trouver note que ce compte ait été payé. S'il en est ainsi, veuillez me faire connaître les démarches qui ont été faites à ce sujet.

Je demeure, monsieur,

Votre obéissant serviteur,

J. FRASER, *A.G.*

Au sous-ministre de l'Intérieur, Ottawa.

OTTAWA, February 2, 1917.

DEAR SIR,—I am in receipt of your favour of the 26th ultimo regarding letter of July 15, 1916 from the Controller of Chinese Immigration to the Honourable Provincial Treasurer of British Columbia in reference to Chinese transactions for 1915–16. In reply to that letter the DeputyMinister of Finance at Victoria replied under date of July 31, 1916, as follows:—

> I have the honour to acknowledge receipt of your letter of the 15th instant asking the Province to remit the sum of $36,539.95, being the cost of one-half of the administration expenses in connection with the collection of the Chinese head-tax (less half the collections $5,000) $13,039.95, together with one-half of the refunds made during the fiscal year 1915–16 $23,500. In reply I beg to state that I cannot find that there is any agreement between the Province and the Dominion to make refunds on account of excess expenditure in connection with the Chinese head-tax by the Dominion, but I may be mistaken in this and I shall be pleased if you will kindly let me know under what authority you make the claim for refund.

The situation which had arisen by the falling-off in Chinese revenue being such that there was no amount due to British Columbia from which deductions could be made, was a new one, and there is no agreement between the Provinces and the Dominion regarding same other than the inference which might be drawn from a reading of the statute, that the policy outlined in the letter of the Chief Controller of Chinese Immigration, dated July 15, 1916, was the correct one. The matter was submitted to the Acting Minister of the Interior with the suggestion that the requested refund be allowed to "stand in abeyance until such time as head-tax collections will wipe out this indebtedness, together with British Columbia's share of administration between the commencement of this fiscal year and the date upon which a settlement is feasible." The Acting Minister approved of this suggestion and stated that if it was found necessary at a later date, legislation might be obtained.

From year to year similar adjustments have been made with other provinces, that is, where the balance was against the province it was allowed to stand over until head-tax receipts were sufficient to wipe out the indebtedness, the only difference being that in the case of other provinces the amounts were much smaller than is now the case with British Columbia. As head-tax receipts in British Columbia for the current fiscal year are not likely to total much over $40,000, it will not be feasible to have a settlement in full made at the close of the present year unless the British Columbia Government sees fit to refund the amount asked for; however, in view of the fact that there is no specific agreement on the subject, and in view also of the fact that the statutes are not very pointed upon the matter, I would suggest that the amount be allowed to stand until there is sufficient revenue to adjust it in the manner suggested.

On August 16, 1916, the Chief Controller of Chinese Immigration wrote the Deputy Minister of Finance, at Victoria, B.C., in the following terms:—

> Replying to your favour of the 31st ultimo, No. 1965/16, I beg to state that we have no record of any agreement between the Dominion Government and your Province with reference to refunds other than contained in section 32 of

OTTAWA, 2 février 1917.

CHER MONSIEUR,—J'ai reçu votre honorée du 26 courant concernant une lettre en date du 15 juillet 1916 envoyée par le contrôleur de l'Immigration des Chinois au Trésorier provincial de la Colombie-Britannique au sujet des affaires de l'Immigration des Chinois en 1915–16. En réponse à cette lettre, le sous-ministre des Finances de Victoria a répondu comme suit à la date du 31 juillet 1916:—

> J'ai l'honneur d'accuser réception de votre lettre du 15 courant demandant à la province de remettre la somme de $36,539.95, représentant la moitié des frais d'administration pour percevoir la taxe *per capita* sur les Chinois (moins la moitié des taxes perçues $5,000), soit $13,039.95 avec la moitié des remboursements faits durant l'année fiscale 1915–16 — $23,500. En réponse, je dois vous dire que je ne puis trouver aucune convention faite entre cette province et le gouvernement du Canada pourvoyant au remboursement du surplus de dépenses pour percevoir la taxe *per capita* sur les Chinois imposée par le gouvernement du Canada, mais je puis me tromper sur cette question, et je serais heureux si vous vouliez me dire sur quelle autorité dette réclamation est basée.

La situation qui s'est produite par suite de l'abaissement des recettes provenant de l'entrée des Chinois a fait disparaître les montants dus à la Colombie-Britannique sur lesquels étaient déduits les frais, et est un fait nouveau; il n'y a pas de convention entre la province et le Canada pour pourvoir à ce cas, à part la déduction que l'on peut faire à la lecture du statut, que décision donnée par le contrôleur en chef de l'Immigration des Chinois est correcte. La question a été soumise au ministre suppléant de l'Intérieur en suggérant que le remboursement en question soit «laissé en suspens jusqu'à ce que les perceptions puissent couvrir cette dette, en incluant la part des frais d'administration imputables à la Colombie-Britannique depuis le commencement de cette année fiscale jusqu'à la date ou un arrangement sera possible». Le ministre suppléant a approuvé cette suggestion et a dit que si la chose le devenait nécessaire plus tard, on pourraient passer une loi dans ce sens.

D'année en année, des règlements semblables ont été faits avec les autres provinces, c'est-à-dire. lorsque le solde était au débit de la province, on laissait la question en suspens jusqu'à ce que les recettes fussent suffisantes pour couvrir le déficit, la seule différence étant que dans le cas des autres provinces les montants étaient beaucoup moindres que dans celui de la Colombie-Britannique. Vu qu'il n'est pas probable que les recettes de la taxe *per capita* en Colombie-Britannique puissent dépasser $40,000, il n'est pas possible d'effectuer un règlement du tout à la fin de la présente année, à moins que la province de la Colombie-Britannique ne consente à rembourser le montant demandé; cependant, considérant le fait qu'il n'y a pas eu de convention spécifique, et vu que les statuts ne sont pas bien clairs sur ce sujet, je suggèrerais que le montant soit laissé en suspens jusqu'à ce que les recettes soient suffisantes pour couvrir l'arrérage de frais comme suggéré ci-haut.

Le 16 août 1916, le contrôleur en chef de l'Immigration des Chinois écrivit au sous-ministre des Finances à Victoria, C.-B., dans les termes suivants:—

> En réponse à votre honorée du 31 dernier, n° 1965–16, je dois vous dire que nous ne connaissons pas de convention passée entre la province et le gouvernement du Canada concer-

the Chinese Immigration Act, which reads as follows:—

All taxes, pecuniary penalties, and revenues from other sources under this Act shall be paid into and form part of the Consolidated Revenue Fund of Canada; but, subject to such conditions and regulations as are prescribed by order of the Governor in Council, one-half part of the net proceeds of all such taxes paid by Chinese immigrants on entering Canada shall, at the end of every fiscal year, be paid out of such fund to the province wherein they were collected.

Under the above quoted legislation the amounts paid to your province during the past eight years have been as follows:—

1907–08	$ 345,000 00
1908–09	304,500 00
1909–10	356,200 00
1910–11	1,066,000 00
1911–12	1,432,660 94
1912–13	1,723,990 60
1913–14	1,279,351 93
1914–15	251,638 83

in view of which it would seem rather unreasonable, and I do not think in accord with the spirit of the above quoted section, if when the net proceeds were a minus quantity the total loss should fall to the Dominion. If however, your Province feels unwilling to make at the present time the refund asked for, we may allow an ajustment to stand in abeyance until such time as head-tax collections will wipe out this indebtedness, together with your share of the cost of administration and refunds between the commencement of this fiscal year and the date upon which a settlement is feasible. Should you be willing to make the refund asked for in my letter of the 15th ultimo, it would seem the more satisfactory way of keeping these accounts straight.

This is the last correspondence which has taken place on the subject.

Yours very truly,

J.A. COTE, *A.D.M.*

nant les remboursements autre que celle qui est contenue dans la section 32 de la loi de l'Immigration des Chinois et qui se lit comme suit:—

Toutes les taxes, amendes en espèces et recettes provenant d'autres sources en vertu de cette loi seront versées dans et formeront partie du fonds consolidé du Canada; mais, sujettes à tels conditions et règlements qui pourront être imposés par arrêté du gouverneur en Conseil, la moitié des recettes nettes de toutes ces taxes payées par les immigrants chinois en entrant au Canada sera, à la fin de chaque année fiscale, payée à même ce fonds à la province où les recettes auront été perçues.

En vertu de la loi ci-dessus citée, les montants payés à votre province durant les huit dernières années ont été comme suit:—

1907–08	$ 345,000 00
1908–09	304,500 00
1909–10	356,200 00
1910–11	1,066,000 00
1911–12	1,432,660 94
1912–13	1,723,990 60
1913–14	1,279,351 93
1914–15	251,638 83

En considération de ces montants, il me semblerait peu raisonnable, et, je crois, en désaccord avec l'esprit de la section citée ci-dessus si, lorsque la moitié des recettes nettes se trouve en moins, la perte totale retombe à la charge du gouvernement du Canada. Si, cependant, votre province ne veut pas dans le moment faire le remboursement demandé, nous pouvons laisser pour quelque temps la question en suspens jusqu'à ce que les recettes aient couvert cette dette, avec votre part du coût d'administration et des remboursements entre le commencement de cette année fiscale et la date ou le règlement sera fait. Si vous pouviez consentir à faire le remboursement demandé dans ma lettre du 15 dernier, le mode de tenue de ces comptes sera beaucoup plus satisfaisant.

Ce fut la fin de la correspondance sur ce sujet.

Votre bien dévoué,

J. A. COTE,
Sous-ministre suppléant.
